WANT A *REAL* ENGINEERING DESIGN OPPORTUNITY?

APPLY FOR THE APPLIDYNE ENGINEERING DESIGN INTERNSHIP

The Applidyne Engineering Design Internship is open to all students who are enrolled full-time in a Bachelor of Engineering degree in either Mechanical, Mechatronic, Aerospace, Automotive or other mechanical stream and are currently in their penultimate year of study.

The successful student will receive:

- Paid internship in the 2018/2019 summer break;
- An opportunity to work on real-world design and build projects;
- A $3000 award;
- Potential employment at Applidyne Australia Pty Ltd after completion of their engineering degree.

For details of eligibility, selection criteria and the online application form go to [www.applidyne.com.au](http://www.applidyne.com.au) or e-mail [internships@applidyne.com.au](mailto:internships@applidyne.com.au)

Closing Date: Friday 6 July 2018
