## MESSAGE FROM THE VICE CHANCELLOR

# Welcome to Australia's national university

I am proud of the high standards of teaching and research at The Australian National University (ANU) and I look forward to you becoming part of the ANU family.

Each year we welcome a large number of postgraduate students from all over the world to study a diverse range of degrees that offer an experience rich in academic and personal reward.

ANU consistently ranks among the best universities in the world and we are well-known for our research-intensive culture.

By choosing ANU, you will engage with active researchers who guide, mentor, challenge and encourage your thinking. We offer programs and courses in a wide range of academic areas that give you the opportunity to learn from, and work with, leading academics.

By studying at Australia's national university, you will have access to extensive opportunities in research centres and facilities, which will nurture and support you to make discoveries, invent, innovate, influence and shape our world.

With an ANU postgraduate qualification, you will become one of the most employable graduates in the world. You will have a competitive edge and the ability to achieve more in your chosen profession.

ANU, located in the heart of Australia's capital city, will continue to shape modern Australia by providing an exceptional environment to nurture the brightest minds of global standing.

I look forward to welcoming you to ANU in 2017.

**Professor Brian P. Schmidt AC**  
Vice-Chancellor and President

### Excellence

6 Nobel Laureates among  
faculty and alumni

### Academic staff

1,723 as at 2015; 87 per cent hold a PhD,  
more than any other Australian university

### Global network

Association of Pacific Rim Universities  
(APRU) member  
International Alliance of Research  
Universities (IARU) member

### Students

8,860 Postgraduate Coursework  
2,945 Higher Degree Research  
10,691 Undergraduate

(As at April 2016)

# ANU is one of the world's foremost centres of education, research and leadership.

Be guided by some of the world's brightest minds, have access to world-class resources, and enjoy opportunities to develop your career and extend your networks. Take advantage of some of the unique resources and opportunities you can only find at ANU.

## International Alliance of Research Universities

ANU is the only Australian university to belong to the International Alliance of Research Universities (IARU). Through the IARU Global Internship Program you can gain valuable international work experience by conducting research and undertaking projects at another member university.

For more information visit [iaruni.org](http://iaruni.org)

## One and only

ANU is home to the only institute in the southern hemisphere dedicated to further developing skills-based knowledge and career opportunities for diplomatic practitioners. It is the only university in Australia with an academic college specifically dedicated to education and research on the Asia Pacific region.

## Centre of Excellence

ANU was recently awarded a \$28-million Australian Research Council (ARC) grant to open a Centre of Excellence for the Dynamics of Language on campus, dedicated to understanding language diversity across the Asia Pacific region.

ANU is also the only Australian university offering forensic linguistics.

## One of the best

Our Heavy Ion Accelerator Facility is one of the largest in the world, supporting Australia's only experimental nuclear physics program.

W <https://physics.anu.edu.au/nuclear/hiaf.php>

## GLOBAL NETWORK

**When you graduate from ANU, you become a lifelong member of our alumni community, which stretches across the globe.**

# Be one of Australia's most employable graduates on a global scale.

When you graduate from ANU, you will be in demand the world over for your abilities to understand, and apply vision and creativity to addressing complex contemporary challenges.

#1

ANU graduates are ranked as most employable in Australia.<sup>2</sup>

A\$76K

Average full-time starting salary for an ANU postgraduate.<sup>1</sup>

58%

ANU graduates employed full-time in the public sector.<sup>1</sup>

“Studying the Graduate Diploma of Legal Practice at ANU offered really distinctive opportunities to meet other would-be lawyers from across the city and the nation, and feel more connected to parts of the Canberra community that I otherwise would have missed.”

**Alan Wu**

Master of Laws, ANU; Graduate Diploma of Legal Practice 2012

Current position: Non-Executive Director, Oxfam Australia

## Top five industries in which ANU graduates work

## Top 10 occupations for ANU graduates

“I enjoyed everything about ANU – the flexible timetable, the lecturers, the opportunities to make new friends. It gave me the future career that I wanted. My advice to students is to spend time finding out what you’re good at. Understand how you learn best, and use that in your study.”

**Harry Hoang**

Bachelor of Economics, Master of Professional Accounting  
Current position: Executive Director, Tailored Accounts

“The lecturers and guest lecturers are as good as it gets because they are deeply involved in policy-making. I’ve been impressed by the calibre of teaching, the people here have very deep backgrounds in what they teach – they really know what they’re talking about.”

**Roman Madaus**

Master of Strategic Studies (Advanced)  
Current position: Research intern, Australian Institute of International Affairs’ National Office

“Doing my Master of Public Health absolutely helped me get the job. It was critical. You need to be a well-rounded person to get into DFAT right now. Having a Master degree is part of the package, and helps you to tick all the boxes they’re looking for. My classes covered all the basic concepts around health and development, giving me a theoretical underpinning to the key concepts, which was great, but I could also directly apply it to my work.”

**Emeline Cammack**

Master of Public Health, 2015

Current position: Assistant Director, Health Program and Performance Section, Department of Foreign Affairs and Trade (DFAT)

“I found ANU to be a place where everyone’s opinion has a value. ANU provides an opportunity for its students to think critically, challenge an argument, initiate a discussion and generate new ideas.”

**Ateeq Zaki**

Master of Social Research

Current position: Social Development Specialist, World Bank, Afghanistan

“From a multilateral employer perspective, ANU is the ‘go to’ university in Australia. It has a rich, internationally-focused curriculum, rigorous academic standards, an excellent nationality mix of students and finally, far and away the best International Organization’s Day of any university not only in Australia, but the entire Asia Pacific region. ANU really does understand the importance of outreach, branding and bespoke engagement with employers.”

**Director, Division for Human Resources at UNFPA**

“Graduates from ANU have been some of the most impactful associates at Teach For Australia. Their leadership experience is always well developed, and their resilience allows them to succeed in challenging circumstances. We are proud of the tremendous ANU alumni who are working with us to end educational inequity in this country.”

**Manager, Recruitment and Advocacy, Teach for Australia**

“In my experience as a manager in ANZ China, graduates from ANU are proactive, bright and motivated to succeed. They understand the bigger picture and how their day-to-day work will help us achieve our business goals.”

**Business Development Manager, Education sector, ANZ China**

# Study options

# WHAT YOU CAN STUDY

**You can choose from a range of postgraduate study programs that vary in duration and delivery mode.**

## Coursework programs

To be admitted into a postgraduate coursework program you must hold a Bachelor degree as a minimum.

You may have to work with a supervisor to complete a research component in some postgraduate Coursework programs.

- > Graduate Certificate
- > Graduate Diploma
- > Masters
- > Masters (Advanced)

## Flexible Double Masters

ANU has pioneered the Flexible Double Masters degree program so you can study two Master degrees at one time to strengthen your expertise, fast-track your qualifications and your career.

The Flexible Double Masters is unique to ANU, and is offered through the ANU College of Arts and Social Sciences. Combine any two of these Master programs.

- > Master of Anthropology
- > Master of Applied Anthropology and Participatory Development
- > Master of Archaeological Science
- > Master of Art History and Curatorial Studies
- > Master of Biological Anthropology
- > Master of Classical Studies
- > Master of Culture, Health and Medicine
- > Master of Digital Arts
- > Master of Digital Humanities and Public Culture
- > Master of General and Applied Linguistics
- > Master of Globalisation
- > Master of History
- > Master of Islam in the Modern World
- > Master of Middle Eastern and Central Asian Studies
- > Master of Museum and Heritage Studies
- > Master of Music
- > Master of Social Research
- > Master of Translation
- > Master of Visual Arts.

### For more information

W [anu.edu.au/pg/double](http://anu.edu.au/pg/double)

## Study online

If you're looking for flexible study options, we offer a suite of programs fully or partially online.

- > Graduate Certificate in Australian Migration Law and Practice
- > Graduate Certificate of Management
- > Graduate Diploma of Legal Practice
- > Juris Doctor (fully online)
- > Master of Applied Anthropology and Participatory Development
- > Master of Applied Anthropology and Participatory Development (Advanced)
- > Master of Laws (Migration Law)
- > Master of Legal Practice
- > Master of Management.

You can also find individual courses available online.

### For a full list of programs and courses offered online

W [programsandcourses.anu.edu.au](http://programsandcourses.anu.edu.au)

## ANU MOOCs

ANU was the first Australian university to join edX, an online learning platform which provides university-level courses in a wide range of disciplines to a worldwide audience.

- > Astrophysics
- > Astrophysics: Exploring Exoplanets
- > Cosmology
- > Engaging India
- > Greatest Unsolved Mysteries of the Universe
- > How to Survive Your PhD
- > Ignorance!
- > Introduction to Actuarial Science
- > The Violent Universe

### To see our edX online courses

W [edx.org/school/anu](http://edx.org/school/anu)

## Design a postgraduate program to suit you

Create your own Master degree tailored for your needs with ANU Graduate Studies Select (GSS). Sample an eclectic mix of disciplines or focus your learning to develop specialised expertise.

- > Graduate Certificate of Studies
- > Master of Studies
- > Master of Studies (Advanced)

### To learn more about GSS

W [drss.anu.edu.au/gss](http://drss.anu.edu.au/gss)

“I love teaching. I have so much fun seeing the look of understanding on student’s faces when you can see a concept just clicks. I believe a good teacher pushes students outside of their comfort zone but provides a safe landing for failure, and a learning pathway forward.”

**Dr Adam Butt**

Master of Higher Education '13, PhD '11, Bachelor of Commerce '01  
Current position: Senior Lecturer, Research School of Finance, Actuarial Studies and Statistics, ANU College of Business and Economics

“ANU is the number one university in Australia when it came to the type of research I wanted to do. Its strong inter-disciplinary focus is really unique for my software engineering field. It is a truly international university that provides a conducive environment and many opportunities encouraging you to grow.”

**Richa Awasty**

Master of Computing

## Higher Degree by Research

ANU welcomes students who want to complete supervised, but independent research. You can complete a Master of Philosophy or a Doctorate at ANU.

To be eligible to be considered for admission to a postgraduate research degree at ANU, you must:

- > Hold, or be about to complete, an Australian Bachelor degree with at least Second Class Honours – Upper (First Class Honours is often required) or its international equivalent, or, a Postgraduate degree with a significant research thesis component.
- > You must have already identified a supervisor available at ANU, willing to supervise your research.

You can apply online throughout the year. If you are applying for a research scholarship, be aware of the scholarship application deadlines. You must indicate on your application form if you still want to be considered if your scholarship application is unsuccessful.

**For more information**

W [anu.edu.au/pg/apply](http://anu.edu.au/pg/apply)

## Scholarships for higher degree research

ANU funds a range of scholarships for students undertaking higher degree research.

- > Australian Postgraduate Award (APA)
- > International Postgraduate Research Scholarship (IPRS)
- > University Research Scholarship

No application is required specifically for these scholarships as all eligible candidates will be considered.

Applications for admission must be received by:

- > 31 August for international applicants
- > 31 October for domestic applicants.

**For more information**

\*\*\*\* International direct applications: [anu.edu.au/study/apply/anu-postgraduate-coursework-international-applications](http://anu.edu.au/study/apply/anu-postgraduate-coursework-international-applications)

T Admission by internal transfer.

^ As the GSS program is flexible and allows study from across the University, fees will vary depending on the courses taken. The indicative total fee is generally the amount payable when taking courses with the highest fees. Information on Individual course fees can be found on Programs and Courses.

# PROGRAM DESCRIPTIONS

## Business & economics

### Accounting

#### Graduate Certificate of Accounting

**Duration:** 1 semester

**Program code:** 6459XGCACC

**CRICOS code:** 052700G

**Indicative annual domestic fee:** \$15,384

**Indicative annual international fee:** \$20,496

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program suits students with various aspirations, including: graduates with no background in accounting who wish to study concepts and techniques in accounting without the need to enrol in a full degree; graduates with prior accounting studies who wish to develop more advanced skills and knowledge in accounting without enrolling in a full Master program; and graduates with prior accounting studies who need up to four more courses to satisfy the admission requirements of the Australian professional accounting bodies. The Certificate program is designed to articulate into a Master program for students who wish to continue their advanced studies. Students may be able to transfer to the Master of Professional Accounting, Master of Accounting, or the Master of Commerce programs.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%.

#### Graduate Diploma of Accounting

**Duration:** 1 year

**Program code:** 6401XGDACT

**CRICOS code:** 003137C

**Indicative annual domestic fee:** \$30,768

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program is designed for students who wish to gain or extend their knowledge of accounting and related disciplines. Available courses address issues and topics of importance in accounting and business areas. The program is designed to articulate into a Master program for students who wish to continue their advanced studies. Students may be able to transfer to the Master of Professional Accounting, Master of Accounting, or the Master of Commerce programs.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%.

#### Master of Accounting

**Duration:** 2 years

**Program code:** 7414XMACCT

**CRICOS code:** 050800J

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program allows students to develop accounting skills and undertake independent research. For students with limited or no prior accounting training, the program offers conversion courses that allow them to meet the education

entry requirements of the Australian accounting professional bodies. Students who need to complete additional courses to gain Australian accounting accreditation can also do this as part of the program. Students with prior accounting studies will take more advanced accounting courses, and have the opportunity to undertake substantial research projects. With continuing high global demand for qualified accountants, graduates of the program have a wide range of career opportunities in accounting firms, government departments, banking and finance organisations, corporations and other related accounting fields. The Master of Accounting is accredited by CPA Australia and Chartered Accountants ANZ.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Computing Science, Economics, Finance, International Business, Management, Marketing, Mathematics.

#### Master of Professional Accounting

**Duration:** 1.5 years

**Program code:** 7413XMPACC

**CRICOS code:** 050799G

**Indicative annual domestic fee:** \$30,744

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program allows graduates to develop skills in accounting and the ability to analyse accounting-related issues. The program allows students with prior studies in cognate disciplines to specialise in accounting and meet the education entry requirements for the Australian accounting professional bodies. Students are exposed to professional and scholarly accounting and research. With continuing high global demand for qualified accountants, graduates of the program have a wide range of career opportunities in accounting firms, government departments, banking and finance organisations, corporations and other related accounting fields. The Master of Professional Accounting is accredited by CPA Australia and Chartered Accountants ANZ.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%, and with courses in at least one of the following areas: accounting, business, business information systems, computing science, economics, finance, actuarial studies, mathematics, management, marketing, international business.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Computing Science, Economics, Finance, International Business, Management, Marketing, Mathematics.

### Actuarial studies

#### Graduate Certificate of Finance and Actuarial Statistics

**Duration:** 1 semester

**Program code:** CFAS

**CRICOS code:** 082257G

**Indicative annual domestic fee:** \$15,384

**Indicative annual international fee:** \$20,496

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program is designed for students who wish to: develop a greater understanding of financial, actuarial and statistical principles and their application; gain Part II exemption status for the Institute of Actuaries; improve analytical skills for interpreting and analysing financial, actuarial and statistical information; gain greater insight into the Australian and international financial markets; increase management skills for dealing with organisations, teams and policy issues; or expand their applied knowledge in various specialised areas of finance, actuarial studies and applied statistics.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 60%.

## Graduate Diploma of Finance and Actuarial Statistics

**Duration:** 1 year

**Program code:** DFAS

**CRICOS code:** 082264G

**Indicative annual domestic fee:** \$30,768

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program is designed for students who wish to: develop a deep understanding of financial, actuarial and statistical principles and their application; gain Part II exemption status for the Institute of Actuaries; improve analytical skills for interpreting and analysing financial, actuarial and statistical information; gain greater insight into the Australian and international financial markets; increase management skills for dealing with organisations, teams and policy issues; or expand their applied knowledge in various specialised areas of finance, actuarial studies and applied statistics.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%.

## Master of Actuarial Practice

**Duration:** 2.5 years

**Program code:** 7420XMACTP

**CRICOS code:** 079658E

**Indicative annual domestic fee:** \$30,840

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** Are you a maths whiz who wants stimulating work, limitless potential and an ever-growing salary? An ANU Master of Actuarial Practice degree will enable you to gain all of your Part I and Part II exemptions through the Actuaries Institute. You will learn how to apply your mathematical talent in understanding, measuring and managing risks. Graduates will apply mathematical, statistical, financial, economic and other skills to untangle the most complex and difficult problems facing the commercial world. As a graduate of this degree you will be highly sought after by employers in Australia and around the world.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%, with at least one course in the field of mathematics that must cover calculus and linear algebra. Students must achieve a minimum 60% weighted average mark in the first 48 units of courses attempted in order to remain enrolled in the Master of Actuarial Practice. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. If the total number of units attempted exceeds 48 in the same teaching period in which the 48th unit is attempted, exactly 48 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units

from courses in descending order of marks. Students who do not achieve a minimum of 60% weighted average mark in the first 48 units will be transferred to the Graduate Diploma of Finance and Actuarial Statistics.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Economics, Engineering, Finance, International Business, Management, Marketing, Mathematics, Physics, Science, Statistics.

## Master of Actuarial Studies

**Duration:** 2 years

**Program code:** 7410XMACTS

**CRICOS code:** 050802G

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 only

**College:** ANU College of Business and Economics

**Program overview:** Are you a maths whiz who wants stimulating work, limitless potential and an ever-growing salary? This is the esteemed degree that will make you a thought leader in actuarial fields. With an ANU Master of Actuarial Studies degree you will excel in your career literally anywhere in the world. Risk is all around us – in investment markets, on the roads, from our health and the climate. This degree will teach you how to apply your mathematical talent in understanding, measuring and managing the risks. Graduates will apply mathematical, statistical, financial, economic and other skills to untangle the most complex and difficult problems facing the commercial world.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%, with at least one course in the field of mathematics that must cover calculus and linear algebra. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 60% weighted average mark in the first 48 units of courses attempted in order to remain enrolled in the Master of Actuarial Studies. Students who do not achieve a minimum of 60% weighted average mark in the first 48 units will be transferred to the Graduate Diploma of Finance and Actuarial Statistics.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Economics, Engineering, Finance, International Business, Management, Marketing, Mathematics, Physics, Science, Statistics.

## Business information systems

### Master of Business Information Systems

**Duration:** 2 years

**Program code:** 7417XMBIS

**CRICOS code:** 050796M

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program is designed for graduates either with or without a background in information systems. Students without an IS background are taken through foundational topics in their first year of study, leading them into the second year which deals with more advanced material. An extensive list of electives is provided to allow students to focus their study on those areas of

particular interest or relevance to them. Students are exposed to professional and scholarly academic information systems research and coursework, enhancing their academic and professional competence. The program has professional level accreditation by the Australian Computer Society.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Computing Science, Economics, Finance, International Business, Management, Marketing, Mathematics, Statistics.

## Commerce

### Master of Commerce

**Duration:** 2 years

**Program code:** 7412XMCOM

**CRICOS code:** 050803F

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program offers a pathway to PhD study. Students with little background in commerce can still reach an advanced level of academic study. The program provides an advanced and in-depth level of study in one or more business or commerce disciplines, such as accounting, finance or business information systems. Students are exposed to professional and scholarly academic research in commerce, enhancing their academic competence. Students are also able to acquire research skills in commerce and to undertake independent research.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for up to 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must pass and achieve a minimum 70% weighted average mark in the first 48 units attempted to remain enrolled in the Master of Commerce.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Computing Science, Economics, Finance, International Business, Management, Marketing, Mathematics, Statistics.

## Economics

### Graduate Certificate of Economics

**Duration:** 1 semester

**Program code:** CECON

**CRICOS code:** 082256G

**Indicative annual domestic fee:** \$15,384

**Indicative annual international fee:** \$20,496

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program is designed to provide a foundation in economics for students for whom prior economics training is minimal or non-existent. The Graduate Certificate will be attractive to those whose present or intended career calls for them to understand and appreciate economic discussion and analysis.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%.

### Graduate Diploma of Economics

**Duration:** 1 year

**Program code:** DECON

**CRICOS code:** 082263J

**Indicative annual domestic fee:** \$30,768

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program of study is designed for those wanting a basic understanding of modern economic analysis. It is available to graduates in any discipline who have some background in economics and quantitative methods. The Graduate Diploma in Economics will be attractive to those whose present or intended career requires a basic ability in economic analysis. It is also a foundation for further study at a more advanced level.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in Economics may be eligible for consideration for up to 24 units (1 semester) of credit, comprising: ECON7073 Microeconomic Principles for Economic Policy; ECON7074 Macroeconomic Principles for Economic Policy; EMET7001 Introduction to Analysis of Economic Models and Data; STAT7055 Introductory Statistics for Business and Finance. Students must achieve a minimum 70% weighted average mark to continue onto the Master of Economics.

### Master of Applied Economics

**Duration:** 2 years

**Program code:** MAPEC

**CRICOS code:** 082269C

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Applied Economic's rigorous training in econometric and quantitative methods will attract outstanding students to the University. In particular, influential economic policy advisors in prominent organisations of national executive government (especially Prime Minister and Cabinet and Treasury) have found it very appealing the way the Master of Applied Economics provides training in placing national policy issues in a quantified frame.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in Economics may be considered for up to 24 units (1 semester) of credit. Applicants with an Honours degree or Graduate Diploma in Economics may be considered for up to 48 units (1 year) of credit. Students must achieve a minimum 70% weighted average mark in the initial component to continue to the concluding component. Students who do not achieve a minimum 70% weighted average mark will be transferred to the Master of Economic Policy or the Graduate Diploma of Economics.

**Cognate disciplines:** Economics.

### Master of Economic Policy

**Duration:** 2 years

**Program code:** MECPO

**CRICOS code:** 082289K

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Economic Policy's rigorous training in policy economics will attract outstanding students to the University. In particular, influential economic policymakers in prominent organisations of national executive government have found the Master of Economic Policy's focus on national policy issues very rewarding. The degree's focus on regional economic policy (through coursework choices and research) is worth emphasising.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in Economics may be eligible for consideration of up to 24 units (1 semester) of credit. Applicants with an Honours degree or Graduate Diploma in Economics may be eligible for consideration of up to 48 units (1 year) of credit.

**Cognate disciplines:** Economics.

## Master of Economics

**Duration:** 2 years

**Program code:** MECON

**CRICOS code:** 082290F

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Economic's reputation for rigorous training in graduate economics – underlined by its research-active pedagogy – attracts outstanding students to the University. In particular, influential economic policymakers in prominent Federal Government agencies (especially Prime Minister and Cabinet and Treasury) have found the Master of Economics' focus on national policy issues very rewarding. The degree's focus on Australia's place in the region (through coursework choices and research) is worth emphasising.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Students must achieve a minimum 70% weighted average mark in the initial component to continue to the concluding component. Students who do not achieve a minimum 70% weighted average mark in the initial component will be transferred to the Master of Economic Policy or the Diploma of Economics. Applicants with a cognate Bachelor degree or Graduate Certificate may be eligible for up to 24 units (1 semester) of credit. Applicants with an Bachelor Honours degree or Graduate Diploma in Economics may be considered for up to 48 units.

**Cognate disciplines:** Economics.

## Master of Environmental and Resource Economics

**Duration:** 2 years

**Program code:** MEREC

**CRICOS code:** 082295A

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program provides the tools of economic analysis at an advanced level and applies them to policy issues with a focus on environmental and resource economics. Areas of specialisation covered in elective courses include: agricultural and resource economics, cost-benefit analysis, economic development, quantitative methods, economic regulation, and environmental and natural resource policy. A common theme across these courses is the integration of environmental and resource decisions into the broader context of national and international economic

policy. Graduates find ready employment with national and international policy agencies, leading corporations and civil society organisations.

**Admission requirements:** A Bachelor degree or international equivalent. Applicants with a Bachelor degree in a cognate discipline may be eligible for up to 24 units of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for up to 48 units of credit. Students must complete the pre-sessional component before continuing to the preliminary component. Students must achieve a minimum 50% weighted average mark in the initial component to continue to the concluding component. Students who do not achieve a minimum 50% weighted average mark in the initial component will be transferred to the Graduate Diploma of Public Policy.

**Cognate disciplines:** Applied Economics, Econometrics, Economic Policy, Economics, Engineering, Mathematics, Statistics.

## Master of Financial Economics

**Duration:** 2 years

**Program code:** MFIEC

**CRICOS code:** 086226D

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Financial Economics is an elite, interdisciplinary degree preparing graduates for a career requiring advanced analytical skills and drawing on an advanced knowledge of finance and economics. The program not only teaches students how to apply well-known models but also equips them with an understanding of the technical foundations of those models. These skills are highly marketable because they allow for the design and empirical testing of new financial instruments and models in new market environments.

**Admission requirements:** A cognate Bachelor degree or international equivalent with an average mark of at least 75%.

**Cognate disciplines:** Actuarial Studies, Economics, Finance, Statistics.

## Master of International and Development Economics

**Duration:** 2 years

**Program code:** MIDEC

**CRICOS code:** 082308A

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2, Autumn, Winter, Spring, Summer

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of International and Development Economics provides students with world-class training in applied economics and its application to economic policy and econometrics. The program will equip you with the tools of advanced economic analysis, and the skill to apply them to economic policies for trade, finance, development and the environment. Tailor your degree to specialise in: international trade, growth and finance; banking, monetary policy and economic development; environmental economics, natural resource policy and development; quantitative methods and economic modelling; business development and economic policy in a market economy

**Admission requirements:** A Bachelor degree or international equivalent. Up to 24 units of credit is available for a Bachelor degree in a cognate discipline or Graduate Certificate in a cognate discipline. Up to 48 units of credit is available for an Honours degree in a cognate discipline or Graduate Diploma in a cognate discipline. Credit may also be available for relevant work experience. Students must complete the pre-sessional component

to continue to the initial component. Students must achieve a minimum 50% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Applied Economics, Econometrics, Economic Policy, Economics, Engineering, Mathematics, Statistics.

## Finance

### Master of Applied Finance

**Duration:** 1.5 years

**Program code:** 7421XMAPFN

**CRICOS code:** 079659D

**Indicative annual domestic fee:** \$30,744

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** Do you dream of working in the leading financial cities of the world? Have you ever wondered why some companies are successful and others fail? Are you interested in learning how to maximise profits and minimise risk? The ANU Master of Applied Finance will equip you to excel in the financial marketplace. This program is for you if you are, or are intending to become, a specialist in finance, or a professional offering advice in this area. As a student you will be challenged to solve a variety of financial problems and will develop a keen analytical mind which will prove invaluable in the fast changing world of finance. As a Master of Applied Finance graduate from The Australian National University you will be highly sought-after by employers both in Australia and around world.

**Admission requirements:** Applicants are required to hold a pass degree in a cognate discipline. Applicants must have a performance average of 65% or better (or equivalent) in the last two years of the undergraduate degree. Students who do not have a pass degree in business, economics, finance, mathematics or statistics discipline, may enter the program after first completing the Graduate Certificate of Finance and Actuarial Statistics, and achieving a performance average of 65% or better.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Economics, Engineering, Finance, International Business, Mathematics, Management, Marketing, Physics, Science, Statistics.

### Master of Finance

**Duration:** 2 years

**Program code:** 7418XMFIN

**CRICOS code:** 039762C

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** This program equips graduates with the necessary skills to excel in the global financial marketplace. Students enrolled in the program examine fundamental principles in finance which are applicable to: valuing financial securities and corporations; utilising derivatives for risk management purposes; and, exploring diversification methods to create investment portfolios. You will be challenged to solve financial problems and will develop a keen analytical mind which is essential when working in the fast-paced world of finance. As a Master of Finance graduate from The Australian National University you will be highly sought-after by employers both in Australia and around the world. The Master of Finance is accredited as an official CFA Program Partner and provides good preparation for students who intend to sit the CFA examinations.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a bachelor Degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 60% weighted average mark in the initial component to continue to the concluding component. Students who do not achieve a minimum of 60% weighted average mark in the initial component will be transferred to the Graduate Diploma of Finance and Actuarial Statistics.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Engineering, Economics, Finance, International Business, Management, Marketing, Mathematics, Physics, Science, Statistics.

### Master of Financial Economics

Refer to Economics

### Master of Financial Management

**Duration:** 1 year

**Program code:** MFINM

**CRICOS code:** 029316G

**Indicative annual domestic fee:** \$30,768

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The ANU Master of Financial Management will equip you to excel in a business career anywhere in the world. You will gain access to leading academics with extensive industry and research experience. Courses within the Master of Financial Management have been developed in consultation with key industry partners in the finance sector, assuring you that the advanced skillset you will develop in the program will prepare you for a rewarding career in business.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 65%.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Economics, Finance, International Business, Management, Marketing, Mathematics, Statistics.

## Management & marketing

### Graduate Certificate of Management

**Duration:** 1 semester

**Program code:** 6860CMGMT

**CRICOS code:** 030000G

**Indicative annual domestic fee:** \$15,384

**Indicative annual international fee:** \$20,496

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Graduate Certificate of Management will equip students with a solid foundation of knowledge, skills and application in the management disciplines within an evidence-based management framework. The Graduate Certificate of Management is a standalone program and also serves as a pathway for those who do not meet the traditional entry requirements for an ANU Masters program.

**Admission requirements:** Either a Bachelor degree or international equivalent OR at least 5 years' work experience (including at least 3 years' documented experience in a managerial role).

## Master of Business Administration

**Duration:** 2 years  
**Program code:** 7443MBADM  
**CRICOS code:** 091188G  
**Indicative annual domestic fee:** \$30,816  
**Indicative annual international fee:** \$40,992  
**Semester intake:** 1 or 2  
**College:** ANU College of Business and Economics

**Program overview:** The Master of Business Administration (MBA) develops advanced knowledge and skills for professional or highly skilled managerial work. The ANU MBA program builds upon the management experience and prior learning of students to prepare them to move into senior management roles. Graduates will gain an understanding of recent developments in business administration and professional practice, including a strong emphasis on evidence-based approaches to decision making.

**Admission requirements:** Minimum 5 years' work experience (including at least 3 years' documented management experience). Either a Bachelor degree or international equivalent with an average mark of at least 65% OR an ANU Graduate Certificate in Management with an average mark of at least 65%.

**Cognate disciplines:** Business, Management.

## Master of Entrepreneurship and Innovation

**Duration:** 2 years  
**Program code:** 7428MEINV  
**CRICOS code:** 091185K  
**Indicative annual domestic fee:** \$30,816  
**Indicative annual international fee:** \$40,992  
**Semester intake:** 1 or 2  
**College:** ANU College of Business and Economics

**Program overview:** The Master of Entrepreneurship and Innovation program equips graduates and professionals with the skills necessary for the planning, development, launch, and management of entrepreneurial and innovative ventures. The program draws on all of the core disciplines of management including concept design, business model innovation, marketing, financing, organisational development, and strategy. This program can also be tailored to include a second specialisation.

**Admission requirements:** EITHER a Bachelor degree or international equivalent with a credit average (GPA 5.0/7.0) OR an ANU Graduate Certificate in Management with a credit average (GPA 5.0/7.0). Applicants with at least 10 years' work experience (including 5 years' documented management experience) may be eligible for 24 units of credit. Applicants with a Bachelor Degree or international equivalent in a cognate discipline may be eligible for 24 units of credit (AQF level 7). Applicants with an Honours degree or postgraduate qualification in a cognate discipline may be eligible for 48 units of credit (AQF level 8/9). The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Business, Management, Entrepreneurship.

## Master of International Management

**Duration:** 2 years  
**Program code:** 7425VIMGT  
**CRICOS code:** 088059J  
**Indicative annual domestic fee:** \$30,816  
**Indicative annual international fee:** \$40,992  
**Semester intake:** 1 or 2  
**College:** ANU College of Business and Economics

**Program overview:** The Master of International Management program draws on both the International Business and Management disciplines to prepare students for leadership roles in a complex and ever-changing global economy. Graduates will have

an understanding of recent developments in these disciplines and the associated professional practice. In particular graduates will understand the evidence base for international managerial practice: the relationship between theory and applied knowledge and the research from which it emerges. The program can be tailored to include a second specialisation.

**Admission requirements:** Either a Bachelor degree or international equivalent with a credit average (GPA 5.0/7.0) OR an ANU Graduate Certificate in Management with a credit average (GPA 5.0/7.0). Applicants with at least 10 years' work experience (including 5 years' documented management experience) may be eligible for 24 units of credit. Applicants with a Bachelor Degree or international equivalent in a cognate discipline may be eligible for 24 units of credit (AQF level 7). Applicants with an Honours degree or postgraduate qualification in a cognate discipline may be eligible for 48 units of credit (AQF level 8/9). The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Business, Management, International Relations

## Master of Management

**Duration:** 2 years  
**Program code:** 7438MMGMT  
**CRICOS code:** 091183A  
**Indicative annual domestic fee:** \$30,768  
**Indicative annual international fee:** \$40,992  
**Semester intake:** 1 or 2  
**College:** ANU College of Business and Economics

**Program overview:** The Master of Management program equips graduates and professionals from any discipline to become effective managers in workplaces that are becoming increasingly demanding and diverse. The program prepares students to become evidence-based decision makers, innovative problem solvers, responsible social citizens, and future leaders. This program is ideally suited to students with limited management experience or from technical backgrounds that require solid management skills for promotion or career change. The program can be tailored to include up to two specialisations.

**Admission requirements:** Either a Bachelor degree or international equivalent with a credit average (GPA 5.0/7.0) OR an ANU Graduate Certificate in Management with a credit average (GPA 5.0/7.0). Applicants with at least 10 years' work experience (including 5 years' documented management experience) may be eligible for 24 units of credit. Applicants with a Bachelor Degree or international equivalent in a cognate discipline may be eligible for 24 units of credit (AQF level 7). Applicants with an Honours degree or postgraduate qualification in a cognate discipline may be eligible for 48 units of credit (AQF level 8/9). The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Business, Management.

## Master of Marketing Management

**Duration:** 2 years  
**Program code:** 7440MMKMT  
**CRICOS code:** 091184M  
**Indicative annual domestic fee:** \$30,768  
**Indicative annual international fee:** \$40,992  
**Semester intake:** 1 or 2  
**College:** ANU College of Business and Economics

**Program overview:** The Master of Marketing Management program equips graduates and professionals from any discipline to become evidence-based decision makers, innovative problem solvers, responsible social citizens, and future leaders. This program provides specialised knowledge and skills in the area of marketing, and can be tailored to include a second specialisation.

**Admission requirements:** Either a Bachelor degree or international equivalent with a credit average (GPA 5.0/7.0) OR an ANU Graduate Certificate in Management with a credit average (GPA 5.0/7.0). Applicants with at least 10 years' work experience (including 5 years' documented management experience) may be eligible for 24 units of credit. Applicants with a Bachelor Degree or international equivalent in a cognate discipline may be eligible for 24 units of credit (AQF level 7). Applicants with an Honours degree or postgraduate qualification in a cognate discipline may be eligible for 48 units of credit (AQF level 8/9). The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Business, Management, Marketing.

## Master of Leadership

**Duration:** 2 years

**Program code:** 7436MLEAD

**CRICOS code:** 091186J

**Indicative annual domestic fee:** \$30,768

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Leadership program prepares graduates for leadership roles in business, by strengthening key skills such as self-management, communication and teamwork skills. Students will develop skills in evidence-based decision making, creative problem solving, managing complex and uncertain situation, and influencing stakeholders. The Master of Leadership program can also be tailored to include a second specialisation.

**Admission requirements:** Either a Bachelor degree or international equivalent with a credit average (GPA 5.0/7.0) OR an ANU Graduate Certificate in Management with a credit average (GPA 5.0/7.0). Applicants with at least 10 years' work experience (including 5 years documented management experience) may be eligible for 24 units of credit. Applicants with a Bachelor Degree or international equivalent in a cognate discipline may be eligible for 24 units of credit (AQF level 7). Applicants with an Honours degree or postgraduate qualification in a cognate discipline may be eligible for 48 units of credit (AQF level 8/9). The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Business, Management, Leadership.

## Master of Project Management

**Duration:** 2 years

**Program code:** MPROM

**CRICOS code:** 082344G

**Indicative annual domestic fee:** \$30,816

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** The Master of Project Management equips students with the knowledge and skills to effectively manage projects in a range of organisational settings. By drawing on developments in project management theory and practice, students will develop the underpinning knowledge and skills to initiate, plan, execute, and evaluate projects of all sizes. Moreover, the program enables graduates to analyse the links between projects and business strategy.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (2

semesters) of credit. Applicants with relevant work experience may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Certificate or equivalent professional/executive training such as a pre-Master's program in a cognate discipline may be eligible for 24 units (1 semester) of credit. The maximum credit that may be granted for a combination of cognate study and relevant work experience is 48 units (2 semesters).

**Cognate disciplines:** Architecture, Business Administration, Commerce, Development Studies, Economics, Engineering, Environmental Management, Finance, Information Systems/Technology, Logistics, Management, Marketing, Management Science, Military and Defence Studies, Operations Research, Public Sector Policy and Administration, Psychology, Planning, Sociology, Transport.

## Statistics

### Master of Statistics

**Duration:** 2 years

**Program code:** MSTAT

**CRICOS code:** 082353G

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Business and Economics

**Program overview:** In disciplines as diverse as biology, economics, actuarial studies, psychology, physics, archaeology, medicine and information technology, there is always a need for qualified statisticians to make proper sense of the data. The Master of Statistics program will enable you to apply your skills in any of a large number of areas, as well as receive rigorous training in core statistical application and theory. This will set you up as a professional statistician whose services will be highly sought-after. With an ANU Master of Statistics you will excel in your career literally anywhere in the world.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65% and with at least one full-time-equivalent year of study in the field of mathematics, including calculus and algebra. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 60% weighted average mark in the initial component to continue to the concluding component. Students who do not achieve a minimum of 60% weighted average mark in the initial component will be transferred to the Graduate Diploma of Finance and Actuarial Statistics.

**Cognate disciplines:** Accounting, Actuarial Studies, Business, Business Information Systems, Economics, Engineering, Finance, International Business, Maths, Management, Marketing, Physics, Psychology, Sociology, Science, Statistics.

# Creative arts & design

## Digital arts

### Master of Digital Arts Master of Digital Arts (Advanced)

**Duration:** 2 years

**Program code:** MDIGA; VDIGA (Advanced)

**CRICOS code:** 082285C; 082286B (Advanced)

**Indicative annual domestic fee:** \$21,216

**Indicative annual international fee:** \$32,592

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Focus on developing your creativity and practical skills with a degree designed for the digital age. The Master of Digital Arts offers a mixture of theory and elective courses in key areas of digital media such as digital video, 3D computer animation, digital compositing, interactivity, coding, the Internet, sound, and hybrid media. A visual effects specialisation is also available. As a digital arts student you will have access to the cutting-edge facilities at the ANU School of Art.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65% and a successful assessment of a portfolio of works. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Digital Arts, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Animation, Design, Digital Art, Fine Arts, Media Arts.

**Additional information:** Entry to the Master of Digital Arts requires a successful assessment of a portfolio of works and other supporting material. Before applying, applicants should consult the ANU School of Art website where the requirements are listed and supporting material submission information is detailed: <http://soa.anu.edu.au/how-apply/postgraduate-coursework-applications>

## Music

### Master of Arts (Advanced)

Refer to Arts (page 46)

## Master of Music Master of Music (Advanced)

**Duration:** 2 years

**Program code:** MMUSI; VMUSI (Advanced)

**CRICOS code:** 082374B; 082375A (Advanced)

**Indicative annual domestic fee:** \$21,216

**Indicative annual international fee:** \$32,592

**Semester intake:** 1 only

**College:** ANU College of Arts and Social Sciences

**Program overview:** What does music mean? Who is it for? And what might be its future? We're not looking for students who know the answers; we're looking for students who ask the questions. Enrolling in a Master of Music gives you the opportunity to explore the concepts and contexts of music guided by world-class academic staff delivering lectures, tutorials, one-to-one tuition, ensembles, master classes, technical workshops, and musical activities in the community. Your learning experiences are not just confined to the classroom or recital hall; you also have opportunities to undertake internships with an array of performance companies, production houses, public service departments, and collecting institutions. The Master of Music offers three specialisations to match your passions: Music Performance II; Music Composition, Arranging, and Sound Design II; or Musicology, Ethnomusicology, and Music Curatorship II.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Music, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Music.

**Additional information:** Applicants will be expected to have pre-existing musical knowledge such as a competency level equivalent to completion of an undergraduate major in music, or equivalent qualifications or experience. Applicants wishing to enrol in Graduate Music Performance courses or Graduate Composition are advised to contact the ANU School of Music to arrange for an audition or portfolio assessment as soon as possible.

## Visual arts

### Master of Visual Arts Master of Visual Arts (Advanced)

**Duration:** 2 years

**Program code:** MVISA; WVISA (Advanced)

**CRICOS code:** 082377K; 082359A (Advanced)

**Indicative annual domestic fee:** \$21,216

**Indicative annual international fee:** \$32,592

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** A Master of Visual Arts is the opportunity you have dreamed of to focus on developing your skills as an artist or professional in the arts sector. Through individual studio practice,

core theory, master classes, field studies, research projects, and courses across ANU, you will extend your creative, technical and analytical skills under the supervision of our expert staff. Study is available in a variety of workshops including art theory, ceramics, furniture, glass, gold and silversmithing, printmedia and drawing, painting, photography and media arts, sculpture, and textiles. As a visual arts student at ANU, you will find the nation's premier cultural institutions – as well as the thriving local art scene – at your doorstep.

**Admission requirements:** Bachelor degree or international equivalent with an average mark of at least 65% and successful assessment of a portfolio of works. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Visual Arts, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Architecture, Design, Fine Arts, Visual Anthropology, Visual Arts.

**Additional information:** Entry to the Master of Visual Arts requires a successful assessment of a portfolio of works and other supporting material. Before applying, applicants should consult the ANU School of Art website where the requirements are listed and supporting material submission information is detailed: <http://soa.anu.edu.au/how-apply/postgraduate-coursework-applications>

## Engineering & computing

### Computing

#### Graduate Diploma of Applied Data Analytics **NEW**

**Duration:** 1 year

**Program code:** 6715DADAN

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** \$27,414

**Semester intake:** 1 or 2

**College:** ANU College of Engineering and Computer Science

**Program overview:** Both government and industry face a current and future challenge in recruiting, developing and retaining a workforce with skills in data analytics as applied to high-quality, data-informed decision-making. This program is intended for students who wish to acquire a broad skills base in applied data analytics covering computing, social science, and statistical topics. Being able to understand, anticipate and direct developments will in turn result in having a workforce with a diverse skill set that ranges over computational, statistical and methodological matters, and which can be applied across a host of settings, from health to national security and from education to consumer industries.

**Admission requirements:** Admission requires an approved Honours or Bachelor degree plus one year of work experience, or equivalent.

**Cognate disciplines:** Engineering, Maths, Physics, Statistics, Finance, Actuarial Studies, Computer Science, Information Technology, Criminology, Sociology, Political, Science, Psychology, Epidemiology/Public Health, Anthropology, Demography/Population Studies.

#### Master of Applied Data Analytics **NEW**

**Duration:** 1.5 years

**Program code:** 7716MADAN

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** \$27,414

**Semester intake:** 1 or 2

**College:** ANU College of Engineering and Computer Science

**Program overview:** Both government and industry face a current and future challenge in recruiting, developing and retaining a workforce with skills in data analytics as applied to high-quality, data-informed decision-making. The program is designed to provide students with exposure to best practice in data analytics, cutting edge courses in areas of relevance to data analytics practitioners and opportunities to deepen knowledge in one of the three areas of computation, statistics or social science. Being able to understand, anticipate and direct developments will in turn result in having a workforce with a diverse skill set that ranges over computational, statistical and methodological matters, and which can be applied across a host of settings, from health to national security and from education to consumer industries.

**Admission requirements:** Admission requires an approved Honours or Bachelor degree plus three years of work experience, or equivalent

**Cognate disciplines:** Engineering, Maths, Physics, Statistics, Finance, Actuarial Studies, Computer Science, Information Technology, Criminology, Sociology, Political, Science, Psychology, Epidemiology/Public Health, Anthropology, Demography/Population Studies.

#### Graduate Diploma of Computing

**Duration:** 1 year

**Program code:** 6706XGDCP

**CRICOS code:** 078938E

**Indicative annual domestic fee:** \$29,232

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Engineering and Computer Science

**Program overview:** Computing jobs are currently projected to be among the fastest growing occupations of our time – so there is no shortage of opportunities. This program aims to educate science/engineering/technology graduates in contemporary computing in a way that can provide a route into the Information Technology (IT) industry or a wider range of corporate careers. You will also gain a strong foundation to do more advanced study in the computing discipline.

**Admission requirements:** Admission requires an approved Bachelor degree in a science, engineering or related discipline with a credit average (or equivalent) and with at least one programming course and two mathematics courses in the areas of discrete mathematics, calculus, linear algebra and statistics. Students without a degree but who have at least three years' relevant work experience, or a combination of qualifications and experience, may also receive admission. All students who have completed the Graduate Diploma in Computing are eligible for associate membership with the Australian Computer Society. Students completing the Graduate Diploma in Computing with a Distinction average may be granted one year of status to the Master of Computing.

**Cognate disciplines:** Computer science, Information technology.

## Master of Computing Master of Computing (Advanced)

**Duration:** 2 years  
**Program code:** 7706XMCOMP; VCOMP (Advanced)  
**CRICOS code:** 078940M; 085934F (Advanced)  
**Indicative annual domestic fee:** \$29,280  
**Indicative annual international fee:** \$38,976  
**Semester intake:** 1 or 2  
**College:** ANU College of Engineering and Computer Science

**Program overview:** This program is a two-year full-time (or equivalent part-time) degree that provides students with exposure to best practice in computing, and cutting edge courses in areas of relevance to computing practitioners. Students will have the opportunity to specialise in a computing sub-discipline e.g. artificial intelligence, computer systems, computational foundations, information and human centred computing, or software engineering. Students will gain key professional development skills for practicing computing professionals, including the development of excellent English written and oral communication skills within an ICT context. Successful completion of this course will provide students with professional accreditation with the Australian Computer Society (ACS).

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65% and with at least three courses (units of study) in the fields of computing and/or maths. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** The Advanced program provides the opportunity to undertake a substantial research thesis and qualify for a Higher Degree Research pathway. Admission is by transfer from the Master of Computing, with a weighted average mark of at least 70% in the first 48 units of coursework attempted, as well as the approval of an identified supervisor for the project/thesis. Students will be awarded up to 48 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Computer Science, Information Technology.

## Engineering

### Master of Engineering in Digital Systems and Telecommunications

**Duration:** 2 years  
**Program code:** NDSTE  
**CRICOS code:** 077326G  
**Indicative annual domestic fee:** \$29,280  
**Indicative annual international fee:** \$38,976  
**Semester intake:** 1 or 2  
**College:** ANU College of Engineering and Computer Science

**Program overview:** In this program students will obtain advanced knowledge in signal processing and information engineering which is at the heart of modern digital systems. Areas of application include microelectronic systems, communication networks, computer vision, and audio and acoustic signal processing. The program contains a targeted professional development component as well as an opportunity to select electives from other areas of study anywhere in the University.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 70%.

**Cognate disciplines:** Electrical Engineering, Electronics Engineering, Information Engineering, Telecommunications/Communication Engineering, Information Engineering.

### Master of Engineering in Mechatronics

**Duration:** 2 years  
**Program code:** NMECH  
**CRICOS code:** 077326G  
**Indicative annual domestic fee:** \$29,280  
**Indicative annual international fee:** \$38,976  
**Semester intake:** 1 or 2  
**College:** ANU College of Engineering and Computer Science

**Program overview:** In this program students will gain advanced technical knowledge in Mechatronics, an area in which ANU has world-leading research strength. Mechatronics graduates are highly sought after because of their combined knowledge and cross-discipline skills in three major engineering areas: mechanical, electrical, and computing. These skills allow them to participate in, and lead, multi-disciplinary teams in research and product development, automation, manufacturing, and computing and electronics, offering exciting career prospects. The program contains a targeted professional development component as well as an opportunity to select electives from other areas of study anywhere in the University.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 70%.

**Cognate disciplines:** Automation and Intelligent Systems, Biomedical Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Information Engineering, Mathematics, Physics Science and Engineering.

### Master of Engineering in Photonics

**Duration:** 2 years  
**Program code:** NENPH  
**CRICOS code:** 077326G  
**Indicative annual domestic fee:** \$29,280  
**Indicative annual international fee:** \$38,976  
**Semester intake:** 1 or 2  
**College:** ANU College of Engineering and Computer Science

**Program overview:** In this program students will gain in-depth advanced technical knowledge in Photonics Technologies, an area in which ANU has world-leading research strength. The global photonics industry is growing rapidly, offering exciting career prospects in research and development, the telecommunications industry, and sensing and biomedical diagnostics. The program contains a targeted professional development component as well as an opportunity to select electives from other areas of study anywhere in the University.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 70%.

**Cognate disciplines:** Electrical Engineering, Electronic Engineering, Physics.

### Master of Engineering in Renewable Energy **NEW**

**Duration:** 2 years  
**Program code:** NENRE  
**CRICOS code:** 077326G  
**Indicative annual domestic fee:** \$29,280  
**Indicative annual international fee:** \$38,976  
**Semester intake:** 1 or 2  
**College:** ANU College of Engineering and Computer Science

**Program overview:** This two-year Master qualification provides students with specialised knowledge and professional engineering skills to prepare them for a career in the rapidly-growing renewable energy industry. Global renewable energy jobs grew 18% between 2013 and 2014, and were estimated at 7.7 million in 2014, with

2.5 million in photovoltaics, and 1 million in wind energy (IRENA Renewable Energy and Jobs Annual Review, 2015). China, Brazil, the United States, India and Germany are the key employers, however, emerging renewable energy markets such as Japan, Bangladesh and Indonesia are gaining prominence. This program builds on the University's interdisciplinary engineering focus and research expertise to give students the skills to address complex multi-disciplinary problems, while at the same time providing advanced technical knowledge in renewable energy. The program extends the breadth of coverage of renewable energy topics, and puts more emphasis on systems and integration to be better aligned with key areas of industry growth. This program includes new courses focusing on large-scale commercial solar farms, wind energy, urban energy generation and energy efficiency, grid integration of renewable energy, and industrial energy.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 65%.

**Cognate disciplines:** Electrical Engineering, Electronic Engineering, Photovoltaic/Renewable Energy Engineering, Power Engineering, Mechanical Engineering.

## International studies

### International affairs

#### Graduate Diploma of International Affairs **NEW**

**Duration:** 1 year

**Program code:** DIAFF

**CRICOS code:** 088970M

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Asia and the Pacific

**Program overview:** The Graduate Diploma of International Affairs is designed to equip you with the skills required for understanding emerging issues in international, political and strategic affairs. Learn how to critically analyse international affairs and foreign policies through a diverse range of disciplines and explore how issues such as globalisation, development, democratisation, terrorism, human security, war and conflict drive political developments in the Asia Pacific region and around the world. This flexible, one-year (full-time) postgraduate qualification will allow you to advance your career in a wide range of professions such as diplomacy, foreign affairs, defence, international security, government, journalism, and international business. The program also provides a pathway for entry into ANU Master programs in Diplomacy, International Relations or Strategic Studies and can be used as an exit qualification for students who are unable to complete their Master degree but have completed the requisite 48 units of credit toward their postgraduate program.

**Admission requirements:** A Bachelor degree or international equivalent with either an average mark of at least 60% or at least 5 years' substantive work experience in diplomacy and foreign policy, intelligence and security, public policy and NGO, defence forces, international law.

**Cognate disciplines:** Politics, Political Science, International Relations, History, Sociology, Economics, Public Policy, Public Administration, Strategic Studies, Social Science.

## Diplomacy

### Master of Diplomacy

#### Master of Diplomacy (Advanced)

**Duration:** 2 years

**Program code:** MDIPL, VDIPL (Advanced)

**CRICOS code:** 082287A; 088969D (Advanced)

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Asia and the Pacific

**Program overview:** This program is your pathway to professional advancement, equipping you with an understanding of the diplomatic practices of the international system and the skills you need to effectively represent your country or organisation at an international level. Relevant to diplomatic practitioners in diverse fields, this unique program draws on the internationally-renowned expertise of the staff of the Asia-Pacific College of Diplomacy, and positions you firmly in the centre of a global network of leading scholars and policymakers.

**Admission requirements:** A Bachelor degree or international equivalent with a 70% average. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Asia Pacific Studies, Central Asian Studies, Environmental Management and Development, Peace and Conflict Studies, International Law, International Relations, International and Development Economics, Middle Eastern Studies, Public Policy, Public Administration, Strategic Studies.

## International relations

### Master of International Relations Master of International Relations (Advanced)

**Duration:** 2 years

**Program code:** MINTR; VINTR (Advanced)

**CRICOS code:** 082309M; 082311F (Advanced)

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Asia and the Pacific

**Program overview:** Studying international relations at ANU means you will be studying the best program of its kind in Australia and graduating with one of the most respected degrees in this field in the world. The Master of International Relations is the only international relations program in Australia to focus on the Asia Pacific, and encourages you to engage with emerging ideas and practices from across our region through face-to-face seminars with globally-recognised experts.

**Admission requirements:** A Bachelor degree or international equivalent with a 60% average. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with a 70% average. Applicants with a Bachelor Degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% weighted average mark in the first 72 units of courses attempted in order to enrol in INTR8038 Thesis. Students who do not achieve a minimum of 70% weighted average mark will be transferred to the Master of International Relations.

**Cognate disciplines:** Politics, Political Science, International Relations, History, Sociology, Economics, Public Policy, Public Administration, Strategic Studies, Social Science.

## Strategic studies

### Master of Strategic Studies Master of Strategic Studies (Advanced)

**Duration:** 2 years

**Program code:** MSTST; VSTST (Advanced)

**CRICOS code:** 082354F; 082355E (Advanced)

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 only

**College:** ANU College of Asia and the Pacific

**Program overview:** The Strategic and Defence Studies Centre combines the theoretical and practical expertise of leading academics and policymakers to deliver Australia's foremost strategic studies program. Develop the analytical frameworks you need to tackle the regional and global strategic and security challenges of your career, and graduate a leader in your field.

**Admission requirements:** A Bachelor degree or international equivalent with a 60% average. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70%. Applicants with a Bachelor Degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% weighted average mark in the first 72 units of courses attempted in order to remain enrolled in the Master of Strategic Studies (Advanced).

**Cognate disciplines:** Economics, History, International Relations, Politics, Political Science, Sociology, Public Policy, Public Administration, Strategic Studies, Social Science.

## Criminology

### Master of Criminology Master of Criminology (Advanced)

**Duration:** 2 years

**Program code:** MCRIM; VCRIM (Advanced)

**CRICOS code:** 086224F; 086225E (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** The program is designed to prepare students for service in criminal justice and allied occupations and enhance skills for those in such occupations. It develops skills relevant to financial crime, cyber-security, Aboriginal justice, transnational and terrorist crime. As part of this degree students can complete specialisations in transnational crime and data analysis for criminology.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Criminology, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Criminology, Sociology, Political Science, Psychology, Law.

## Law

### Law

#### Graduate Certificate of Australian Migration Law and Practice

**Duration:** 10 weeks

**Program code:** 6353XGCMGL

**CRICOS code:** No CRICOS (Fully Online)

**Indicative annual domestic fee:** \$13,656

**Indicative annual international fee:** \$19,488

**Semester intake:** 1 or 2, online

**College:** ANU College of Law

**Program overview:** Delivered entirely online, the Graduate Certificate of Australian Migration Law and Practice is a compulsory qualification for anyone seeking to work as a migration agent in Australia. Spanning four compulsory courses – including Australian migration law; Australia's visa system; visa compliance, cancellation and review; and applied migration law – the Graduate Certificate in Australian Migration Law and Practice uses a diverse range of online tools to make the learning experience rich and interactive. Taught by practising migration law specialists and migration agents, the program reflects the latest changes to migration legislation and policy, and provides practical insight from those working with it on a daily basis. Graduates of the program are eligible to apply for registration as an Australian migration agent, with career opportunities including migration agencies, specialist law firms, state and federal government, NGOs and other private sector firms providing immigration assistance.

**Admission requirements:** Applicants must hold at least a three-year Bachelor degree or equivalent.

## Graduate Certificate of Law

**Duration:** 1 semester

**Program code:** CLAW

**CRICOS code:** 082258F

**Indicative annual domestic fee:** \$13,656

**Indicative annual international fee:** \$19,488

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** Designed for students without an undergraduate degree in law or legal studies, the new ANU Graduate Certificate of Law offers both a standalone qualification and a pathway to apply to the ANU Master of Laws (LLM), an advanced law degree recognised globally. In addition to providing a solid introduction to the concepts of law, and Australian and international legal systems, the Graduate Certificate of Law equips students with skills in research, critical thinking, problem solving and the development of legal arguments. With a focus on contemporary issues and global contexts, the program is particularly valuable for those seeking to gain foundational legal knowledge to support career development, enable career change or gain advanced understanding through an ANU Master of Laws. As part of the Graduate Certificate of Law, students choose three elective courses from a diverse range of legal areas – including government, international, environmental, development, security and migration law – and begin tailoring study to their career or future study objectives.

**Admission requirements:** A Bachelor Degree with a minimum average mark of 50%.

## Graduate Diploma of Legal Practice (GDLP)

**Duration:** 6 months

**Program code:** 6303XGDLP

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** varies – check website

**Indicative annual international fee:** varies – check website

**Semester intake:** various intakes throughout the year – check website

**College:** ANU Legal Workshop

**Program overview:** The ANU Graduate Diploma of Legal Practice (GDLP) is one of Australia's most respected and recognised professional legal training programs, and provides the qualification to be admitted as a lawyer – and practise law – in Australia.

Meeting the requirements of the Australian Law Admissions Consultative Committee, the ANU GDLP equips students with the practical skills and professional understanding needed as a lawyer or legal practitioner.

In addition to developing expertise in core areas of legal practice – such as property, civil litigation and commercial law – the ANU GDLP uses a unique online teaching approach that places students in 'virtual' law firms, building the knowledge and attributes demanded by employers.

The ANU GDLP begins with a compulsory five-day, face-to-face workshop that covers essential skills – including professional drafting, writing, negotiation and advocacy – and enables students to form valuable networks with their peers and teaching staff.

To help students to balance study with full-time employment and other commitments, the ANU GDLP places an emphasis on online learning, and offers a high level of flexibility, including:

- > allowing students to attend any one of over 20 introductory workshops held around Australia (removing the need for students to travel to Canberra or relocate for study);
- > select the length of their professional placement; and,
- > choose from a range of elective subjects, many of which are offered fully online.

Following successful completion of the ANU GDLP, students can undertake a further four Master courses and graduate with an ANU Master of Legal Practice, or defer the decision (and still gain admission to practice) for up to two years.

**Admission requirements:** Bachelor of Laws, Juris Doctor or equivalent. The Diploma in Law awarded by the Legal Profession Admission Board is also accepted for admission to this program.

Current LLB/LLB(Hons) or JD students who have completed all Priestley 11 courses – and have a maximum of 12 elective units (two courses) to complete – may be able to apply for early enrolment, allowing them to begin the GDLP as they finish their LLB or JD. Contact our Student Administration team for more information.

## Juris Doctor (On-campus)

**Duration:** 3 years

**Program code:** MJD

**CRICOS code:** 061559M

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** Providing the comprehensive knowledge and understanding required to practice law in Australia, the ANU Juris Doctor (JD) enables students with a non-law Bachelor degree to gain a highly regarded legal qualification. Alongside traditional legal theory, the ANU Juris Doctor reflects current themes and contemporary issues, giving students not only a sophisticated understanding of law, but a versatile, valuable insight into how law operates across different contexts and applications. In particular, the ANU Juris Doctor offers a distinctive capstone experience – with clinical studies, internships or a research project providing students with the opportunity to 'see the law in action', giving a uniquely competitive edge on graduation. On successful completion of the ANU Juris Doctor, graduates can be admitted to legal practice following completion of additional professional legal training. Given its global recognition, the JD offers students an exciting and diverse range of career paths. These include traditional legal practice roles – such as a lawyer or barrister – through to opportunities in management, business, commerce, international affairs, administration, technology and communications.

**Admission requirements:** A Bachelor degree or international equivalent with a minimum GPA of 4.5 / 7. If applicants have more than one completed tertiary qualification, the GPA will be determined as the average of all tertiary qualifications.

## Juris Doctor (Online)

**Duration:** 6 years part-time (no online full-time option offered)

**Program code:** MJDOL

**CRICOS code:** No CRICOS (Online)

**Indicative annual domestic fee:** \$27,360

**Semester intake:** January, May or September (Online offered on a trimester basis)

**College:** ANU College of Law

**Program overview:** Bringing together the academic rigour of ANU with the flexibility of online delivery, the ANU Juris Doctor (Online) enables students to gain a globally recognised legal qualification from one of the world's highest ranked law schools, regardless of their location. Like its on-campus equivalent, the ANU JD (Online) allows graduate students with a Bachelor degree in a discipline other than law to gain the qualifications required for admission to practice law in Australia. In addition to online delivery, favourable staff-to-student ratios, and the use of technology to ensure the highest level of support and interaction, the ANU JD (Online) is the first Australian law degree to use Problem-Based Learning (PBL). Driven by relevant and contextual problems, the new PBL curriculum motivates and encourages students to develop the

crucial analytical skills they will be expected to demonstrate in future legal practice or other professional environments. The ANU JD (Online) provides an unprecedented level of flexibility for those seeking a highly regarded qualification to establish or transition to a career in law.

**Admission requirements:** A Bachelor degree or international equivalent with a minimum GPA of 4.5/7. If applicants have more than one completed tertiary qualification, the GPA will be determined as the average of all tertiary qualifications.

## Master of Laws

**Duration:** 1 year

**Program code:** MLLM

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** Designed to expand knowledge and develop expertise across a range of key areas, the ANU Master of Laws (LLM) offers a valued and versatile postgraduate legal qualification. Allowing students to build their own program of study by choosing from over 80 different courses, the ANU Master of Laws is especially useful for anyone wanting to gain an in-depth understanding of law across a broad range of areas, or seeking to focus on a specific combination of legal areas and topics. In addition, students can undertake the Master of Laws in one of six specialist streams, including environmental law; government and regulation; international law; international security law; law, governance and development; and migration law. Open to students with and without a law degree (following completion of the Graduate Certificate of Law), the ANU Master of Laws provides a globally recognised qualification that opens doors to a diverse range of career opportunities.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in Environmental Law

**Duration:** 1 year

**Program code:** NLLN

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** With an increasing focus being placed on the environment, understanding the scope and implementation of environmental law is vital to many public and private sector careers. Covering a diverse range of topical areas – including climate change, marine and coastal law, the powers of the Commonwealth, and the efficacy of environmental regulation – the ANU Master of Laws in Environmental Law explores the inter-relationships between environmental law and policy, politics, economics and science. In addition to fundamental concepts, the ANU Master of Laws in Environmental Law provides students with a comprehensive insight into how environmental law has evolved, and the contemporary issues that continue to shape it, both domestically and internationally. Taught by leading environmental lawyers, the ANU Master of Laws in Environmental Law is one of Australia's most highly regarded environmental law qualifications. Open to law and non-law graduates alike, the program is ideal for those seeking to establish or enhance their career in environmental law, management, regulation, policy and planning.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in Government and Regulation

**Duration:** 1 year

**Program code:** NLLGR

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** Studying government and regulation provides an insight into the legal framework underlying government and explores both the process and product of government regulation and the underlying legal structures upon which it is built. Combining comparative and multi-disciplinary perspectives to examine the design, implementation and effectiveness of regulation in Australia, the ANU Master of Laws in Government and Regulation equips students with a strong understanding of the modern regulatory state, and the role of key areas of commercial and public law. Offering a high degree of flexibility, the program allows students to choose from a large number of elective courses – including administrative and constitutional law, competition law, corporate governance and labour law – to suit their specific interests or career requirements. Taught by leading experts and experienced practitioners, the ANU Master of Laws in Government and Regulation is ideal for lawyers seeking to expand their expertise as well as non-lawyers who have relevant government or business experience and need to acquire familiarity with legal issues underlying government regulation.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in International Law

**Duration:** 1 year

**Program code:** NLLIL

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** International law regulates the relations between States as well as the latter's relations with certain other actors at the international level and can affect society in a variety of ways, both internationally and domestically. It helps us to explain and analyse interactions in the international community and their impact within national societies. International law covers difficult issues, such as when a State can have recourse to the use of force; who can lawfully be killed in conflict; or determining when and how individuals can be held accountable for human rights abuses. It also promotes cooperation on the international level by, for instance, setting out the rules for the regulation of common spaces such as the high seas and outer space; or those applicable to international trade. In this program, students first acquire the skills necessary to navigate the international legal system (such as the law of treaties and State responsibility), and will then focus on areas of particular interest through a vast array of elective courses, many of which require the completion of a substantial research paper. The ANU Master of Laws in International Law will be relevant to you if your work involves consideration of international relations

and transnational activities; you are interested in governmental and non-governmental organisations; and/or you are concerned with issues such as human rights, refugees, the use of force or international dispute settlement.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in International Security Law

**Duration:** 1 year

**Program code:** NLLSL

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** As nations around the world grapple with an increasing number of complex security challenges, the need for better understanding and critical evaluation of the legal issues in addressing them becomes essential. Using real-life examples, the ANU Master of Laws in International Security Law examines how the discipline has evolved alongside rapid growth in international law rules, state practice, jurisprudence and other institutional practices. Through research projects and assignments, the ANU Master of Laws in International Security Law provides students with skills in analysis, argument and interdisciplinary approaches, and offers critical insight to contemporary international security law issues. Delivered by staff with extensive experience in military and security law, the program provides the knowledge of law and security in a global context as demanded by governments and organisations worldwide. The program is especially valuable for those seeking a current, comprehensive understanding of law and its role in addressing contemporary security issues, with career paths including defence, government, policy analysis, international engagement, security sector reform and development.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in Law, Governance, and Development

**Duration:** 1 year

**Program code:** NLLGD

**CRICOS code:** 006504E

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Law

**Program overview:** 'Good governance', 'rule of law', 'access to justice' and 'structural reforms' are currently high on the agenda of international development and aid agencies, governments, local non-governmental organisations and civil society activists in developing, post-conflict and transitional States. The ANU Master of Laws in Law, Governance and Development examines the role of law in promoting social and economic development, and offers a critical analysis of the reform agenda and its theoretical foundations. Through the program, students explore the role that local, national and international systems of law and governance play in fostering social, economic and political change. In addition to considering historical shifts and current trends – including

those being seen in Asia and the Pacific – the program introduces students to a range of theoretical tools, and strengthens their ability to think critically and creatively about the links between law, governance and development. Bringing together theory and practice, the ANU Master of Laws in Law, Governance and Development provides timely, specialist knowledge to suit current or aspiring practitioners and policymakers in government, private industry and NGOs in Australia or abroad.

**Admission requirements:** Completion of a Bachelor of Laws or Juris Doctor degree with a minimum average of at least 50%; or completion of a non-law degree and the Graduate Certificate of Law with a minimum average of at least 50%.

**Cognate disciplines:** Law.

## Master of Laws in Migration Law

**Duration:** 1 year

**Program code:** NLLML

**CRICOS code:** No CRICOS (Online)

**Indicative annual domestic fee:** \$27,312

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, online

**College:** ANU College of Law

**Program overview:** Often framed by high emotion, politics and headlines, there are few areas of law – in Australia or abroad – that continue to create as much attention, change and complexity as migration. Covering domestic and global contexts, the ANU Master of Laws in Migration Law provides students with a comprehensive understanding of the social, economic, environmental and cultural factors that drive migration law and policy. Alongside considering the development, application and reform of migration law, the program explores how migration law affects and influences related areas such as skilled and business migration, family migration and refugee law. Through an innovative curriculum that emphasises the research, principles and methods used in professional practice, the ANU Master of Laws in Migration Law equips students with the advanced knowledge required for a broad range of career opportunities, including migration services, advocacy, policy, community services and education. Delivered completely online, the ANU Master of Laws in Migration Law is particularly suited to those seeking to balance postgraduate study with employment, business or other commitments.

**Admission requirements:** Either one of the following qualifications with a weighted average mark of at least 50%: Bachelor of Laws; Bachelor of Laws (Honours); Graduate Certificate of Australian Migration Law and Practice; Juris Doctor; or a Graduate Certificate of Law with a weighted average mark of at least 50% as well as registration as a Migration Agent.

**Cognate disciplines:** Law.

## Master of Legal Practice

**Duration:** 1.5 years

**Program code:** MLEGP

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** varies – check website

**Indicative annual international fee:** varies – check website

**Semester intake:** various intakes throughout the year – check website

**College:** ANU Legal Workshop

**Program overview:** The ANU Master of Legal Practice (MLP) is an advanced, practice-based qualification for students seeking to further enhance their skills and knowledge for life in law. The MLP enables students to develop a sophisticated and competitive edge for professional legal practice.

The Master-level program satisfies all requirements of the Australian Law Admissions Consultative Committee, enabling students to seek admission as a legal practitioner in Australia whilst developing a deeper-level understanding of the legal practice context.

In addition to developing higher level professional attributes and understanding, the MLP allows students to focus on specialist practice areas including advanced litigation, evidence, commercial drafting, procurement, probity and family law – or to create a combination of electives from over 80 Master-level courses offered by the ANU College of Law.

Although the ANU MLP generally takes 18 months to complete, students can meet the requirements for admission to practice in as little as six months. The suite of flexible options for MLP students includes:

- > exiting the ANU MLP after completing the admission-to-practice component (and graduating with a Graduate Diploma of Legal Practice);
- > completing the admission-to-practice component, seeking admission as a lawyer, continuing study and graduating with an ANU MLP; or
- > completing the admission-to-practice component and deferring study of the MLP for up to two years.

To help students balance study with full-time employment and other commitments, the ANU MLP places an emphasis on flexibility, making extensive use of online learning, and preventing the need for students to relocate or travel to Canberra.

**Admission requirements:** Bachelor of Laws, Juris Doctor (or equivalent) or ANU GDLP. The Diploma in Law awarded by the Legal Profession Admission Board is also accepted for admission to this program.

Current LLB/LLB(Hons) or JD students who have completed all Priestley 11 courses – and have a maximum of 12 elective units (two courses) to complete – may be able to apply for early enrolment, allowing them to begin the MLP as they finish their LLB or JD. Contact our Student Administration team for more information.

## Public policy

### Policy & governance

#### Graduate Certificate of Public Policy

**Duration:** 1 semester

**Program code:** 6192XGCPPP

**CRICOS code:** 089715G

**Indicative annual domestic fee:** \$13,656

**Indicative annual international fee:** \$19,488

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program provides knowledge and professional skills for public policy, building upon an undergraduate degree in any discipline. The Graduate Certificate provides students with a wide menu of choice of Crawford School of Public Policy Master degree-level courses. Students who are thinking of later proceeding on to a Master degree should consider the course selection requirements appropriate to the various Master degrees. Course advice is available to help with these choices.

**Admission requirements:** A Bachelor degree or international equivalent.

#### Master of Public Administration

**Duration:** 2 years

**Program code:** MPUAD

**CRICOS code:** 082345G

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program is designed for careers in major public program management and delivery. The MPA, also known as the MBA for the public sector, integrates theory and practice in enhancing understanding, knowledge and skills essential to the management and leadership of major public programs. The emphasis is on key disciplinary and interdisciplinary perspectives on public administration, management and governance, as clustered in terms of government institutions and processes; public sector finance; economic policy and management; environment and agriculture; and international governance and policy.

**Admission requirements:** A Bachelor degree or international equivalent, with work experience in a public sector or related environment. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

#### Master of Public Policy

**Duration:** 2 years

**Program code:** MPUBP

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Public Policy provides public policy education of international renown for professionals to develop further as leaders in a variety of public sector roles, including public services, third sector organisations, or government affairs positions in the private sector. The MPP's scope includes providing students with an introduction to the latest disciplinary policy debates in the social sciences and, with a mixture of theory and practice, to build the analytical tools and knowledge necessary for high quality policy analysis, including design, advocacy, and evaluation, as well as building political and program management capabilities.

**Admission requirements:** A Bachelor degree or international equivalent with at least 3 years' work experience in public policy. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may also be available for relevant work experience. Students must complete the pre-session component to continue to the initial component. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component. Students must complete the pre-session component before commencing the initial component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## Master of Public Policy in Development Policy

**Duration:** 2 years

**Program code:** NPPDP

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Public Policy specialising in Development Policy is designed for students who are professionally engaged in development agencies in government and other development-related organisations working with government, or students who are interested in development studies. The degree provides students with a range of topics including theories and debates in development and introduces advanced policy analysis skills so that the students may develop in-depth understanding and critical skills for analysing policies. The courses cover a range of topics such as development policies and economics, poverty reduction, social policy, political institutions and conflicts, and climate and environmental changes.

**Admission requirements:** A Bachelor degree or international equivalent with at least 3 years' work experience in public policy. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may also be available for relevant work experience. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component. Students must complete the pre-session component before commencing the initial component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## Master of Public Policy in Economic Policy

**Duration:** 2 years

**Program code:** NPPEP

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Public Policy in Economic Policy provides courses in the broad area of economic policy-making, interrogating the relationships between economic analysis and democratic processes in contemporary policy-making. The main theme running through the economic policy courses is how to improve government and the conduct of public policy in the light of an understanding of the way the economy works. Although some economics background is useful, courses are typically offered in non-technical economic ideas and analysis, business-government relations in the international economy, and applied policy areas such as trade, development, environment and the economic dimensions of social policy.

**Admission requirements:** A Bachelor degree or international equivalent, with at least 3 years' work experience in public policy. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may also be available for relevant work experience. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component. Students must complete the pre-session component before commencing the initial component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## Master of Public Policy in International Policy

**Duration:** 2 years

**Program code:** NPPIP

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program provides specific knowledge and awareness of key international policy issues and how they affect domestic policy-making. It reflects that international and domestic policy processes are increasingly intertwined. It is designed for students who are professionally engaged in policy making and administration with an international dimension or who take an interest in international policy. A wide variety of international policy issues such as national security, trade, aid and development, global environmental regulation, and issues related to processes of economic and political globalisation are covered by the international policy courses.

**Admission requirements:** A Bachelor degree or international equivalent, with at least 3 years' work experience in the field of public policy. Up to 24 units of credit is available for a Bachelor degree in a cognate discipline or Graduate Certificate in a cognate discipline. Up to 48 units of credit is available for an Honours degree in a cognate discipline or Graduate Diploma in a cognate discipline. Credit may also be available for relevant work experience. Students must achieve a minimum 65% weighted average mark before progressing to the final 48 units in order to remain enrolled in the Master of Public Policy. Students who do not achieve a minimum 65% weighted average mark will be transferred to the Graduate Diploma of Public Policy.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## Master of Public Policy in Policy Analysis

**Duration:** 2 years

**Program code:** NPPPA

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program provides knowledge and professional skills for those who wish to broaden and deepen their general skills in policy analysis applied in policy development. The focus of the policy analysis courses is how to improve the design of public policies to facilitate the achievement of policy objectives and how to take the political and administrative nature of the policy problem and target population into consideration when designing public policy. Policy evaluation, cost/benefit analysis, policy advocacy and evidence-based policy-making are some of key issues addressed.

**Admission requirements:** A Bachelor degree or international equivalent with at least 3 years' work experience in public policy. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may also be available for relevant work experience. Students must complete the pre-session component to continue to

the initial component. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## Master of Public Policy in Social Policy

**Duration:** 2 years

**Program code:** NPPSP

**CRICOS code:** 082349C

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** This program offers opportunities for advanced investigation of the analytical skills, public policies and organisational practices appropriate for advising on social policy and managing program outcomes. Courses in the Social Policy list are ideal for government and non-government sector officials working in social policy development and implementation. These courses explore a wide range of issues relevant to social policy development and implementation, such as the parameters of social policy; how social policy intersects with other aspects of government policy; and debates about welfare, distribution and social justice, in Australia and internationally.

**Admission requirements:** A Bachelor degree or international equivalent with at least 3 years' work experience in public policy. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may also be available for relevant work experience. Students must complete the pre-sessional component to continue to the initial component. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Economic Policy, Economics, Policy Studies, Political Economy, Political Sciences, Sociology.

## National security policy

### Master of National Security Policy Master of National Security Policy (Advanced)

**Duration:** 2 years

**Program code:** MNSPO; VNSPO (Advanced)

**CRICOS code:** 082340A; 082341M (Advanced)

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Asia and the Pacific

**Program overview:** Join a network of experienced national security practitioners and policymakers at the National Security College with the highly-regarded Master of National Security Policy. This program offers a multi-disciplinary approach to understanding the current and emerging national security challenges facing our region and the world. Develop the skills to implement and evaluate effective policy responses, and graduate as a future leader in strategy development.

**Admission requirements:** A Bachelor degree or international equivalent. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units

(1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may be available for relevant work experience.

**Advanced:** A Bachelor degree or international equivalent.

Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Credit may be available for relevant work experience. Students must achieve a minimum 70% weighted average mark in the first 48 units of courses attempted to remain enrolled in the Master of National Security Policy (Advanced). Students who do not achieve a minimum 70% weighted average mark will be transferred to the Master of National Security Policy.

**Cognate disciplines:** Development Studies, Governance, History, International Affairs, International Relations, Law, Middle Eastern and Central Asian Studies, Non Language Asian Studies, Pacific Studies, Policy Studies, Public Administration, Political Communication, Political Sciences, Security Studies, Strategic Studies.

## Science, health & environment

### Astronomy & astrophysics

#### Master of Astronomy and Astrophysics (Advanced)

**Duration:** 2 years

**Program code:** VASTP

**CRICOS code:** 082274F

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Astronomy and Astrophysics (Advanced) incorporates a 50% coursework component and a 50% research component. The coursework component can be tailored to your interests, and can include astrophysical techniques, astrophysical computing, planetary science, stellar astrophysics, galaxies, and cosmology. Many courses contain research or hands-on components that develop your skills and knowledge in the latest advances in astronomy and astrophysics. The research project provides the opportunity to enhance and develop your detailed knowledge and skills in a specific area of astronomy or astrophysics. It may include the acquisition and analysis of telescope data, the development of theoretical models, or the development and testing of new astronomical instrumentation.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines, and the approval of an identified supervisor for the research project/thesis. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% average mark in the first 24 units of coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the

first 48 units of coursework or have the approval of the supervisor for the research project will be transferred to the Graduate Diploma of Science.

**Cognate disciplines:** Computer Science, Earth and Marine Sciences, Mathematics, Physics.

## Biology

### Master of Biological Sciences Master of Biological Sciences (Advanced)

**Duration:** 2 years

**Program code:** MBIOS; VBIOS (Advanced)

**CRICOS code:** 082277C; 082278B (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Biological Sciences is a coursework program allowing you to specialise in areas such as biomedical sciences, ecology and evolution, genetics, plant sciences and biochemistry. Alternatively, you can choose a broad overview of biological sciences today. Our practical classes refresh your skills, while developing your expertise in new, cutting-edge techniques.

The Advanced program includes a research project and a thesis. A scholarship is offered to international students who receive the highest mark in the Advanced program.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor Degree, Honours, Graduate Certificate or Graduate Diploma in a cognate discipline may be eligible for 24 units (1 semester) of credit. Students must achieve a minimum 70% average mark in all the coursework courses and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Biological Sciences program.

**Cognate disciplines:** Biochemistry, Biology, Biomedical Sciences, Evolution, Ecology, Genetics, Plant Sciences.

### Master of Biotechnology Master of Biotechnology (Advanced)

**Duration:** 2 years

**Program code:** MBIOT; VBIOT (Advanced)

**CRICOS code:** 082279A; 082280G (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Biotechnology is a coursework program that provides a pathway for science graduates with background knowledge in biochemistry, molecular biology and chemistry to acquire new knowledge, or extend and update their theoretical and practical understanding of modern biotechnology.

Throughout the program, students have many opportunities to interface with scientists who are advancing research in areas of biochemistry and molecular biology in the biomedical, animal and plant sciences. The Advanced program incorporates a research project and thesis, and is a gateway to further research, such as a PhD. A scholarship is offered to international students who receive the highest mark in the Advanced program.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines and two courses in the field of chemistry. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines and 2 courses in the field of chemistry. Applicants with a Bachelor degree, Honours, Graduate Certificate or Graduate Diploma in a cognate discipline may be eligible for 24 units (1 semester) of credit. Students must achieve a minimum 70% average mark in all the coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Biotechnology program.

**Cognate disciplines:** Biological Chemistry, Biomedical Sciences, Molecular Genetics, Plant Sciences.

### Master of Neuroscience Master of Neuroscience (Advanced)

**Duration:** 2 years

**Program code:** MNEUR; VNEUR (Advanced)

**CRICOS code:** 082376M; 082342K (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The ANU Master of Neuroscience is an intensive coursework program providing a pathway for science graduates to acquire new skills, or to extend and renew their understanding of neuroscience principles. This program is designed to give you both theoretical and practical knowledge of the modern concepts in neuroscience and the methodologies employed. You will be taught by leading Australian neuroscientists and have opportunities to gain first-hand experience of neuroscience research. The Advanced program consists of one year of coursework plus a year of independent research.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree, Honours, Graduate Certificate or Graduate Diploma in a cognate discipline may be eligible for 24 units (1 semester) of credit. Students must achieve a minimum 70% average mark in all the coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Neuroscience program.

**Cognate disciplines:** Anatomy and Physiology, Biological Psychology, Biotechnology, Cellular and Molecular Biology, Genetics, Medicine.

## Earth sciences

### Master of Earth Sciences (Advanced)

**Duration:** 2 years

**Program code:** VEASC

**CRICOS code:** 082288M

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** Earth science deals with complex systems and processes that shape our planet. Pressing issues such as the safe supply of water, resources and energy, climate change, sea level rise as well as natural hazards are all intimately related to Earth sciences. Courses from different Earth science disciplines and training on how to gather data and interpret them are offered, as well as expert supervision for your extensive research project.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines, and the approval of an identified supervisor for the research project/thesis. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for up to 24 units (1 semester full-time) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for up to 48 units (1 year full-time) of credit. Students must achieve a minimum 70% average mark in the first 48 units of coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the first 48 units of coursework or have the approval of the supervisor for the research project will be transferred to the Graduate Diploma of Science.

**Cognate disciplines:** Biology, Chemistry, Earth and Marine Science, Engineering, Mathematics, Physics.

## Environment & resource management

### Graduate Certificate of Environment

**Duration:** 1 semester

**Program code:** 6659XGCENV

**CRICOS code:** 061831M

**Indicative annual domestic fee:** \$14,616

**Indicative annual international fee:** \$19,488

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** Are you looking at changing the direction of your career to help tackle the problems facing today's environment? Or do you want to take your existing environment education to the next level? The ANU Graduate Certificate of Environment provides you with a flexible education experience and acts as an entry point for more advanced coursework degree programs. Areas of study include environmental economics and governance, environmental science, society and environment, environmental research methods, and natural resource management.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline area with an average of 60% in relevant later year courses. International applicants must include referee reports from two professional referees.

## Graduate Diploma of Environment

**Duration:** 1 year

**Program code:** DENVI

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** \$29,323

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Graduate Diploma in Environment is a flexible interdisciplinary coursework degree that reflects a program of learning suited to your individual interests and skills in environment and sustainability. A broad-ranging suite of courses from across the University provide exposure to current perspectives on environmental issues and approaches. Areas of interest include environmental science and management, social and ecological linkages, environmental economics and governance, environmental policy, and integrative research methods.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 60%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for up to 24 units (1 semester) of credit.

## Master of Climate Change

**Duration:** 2 years

**Program code:** MCLCH

**CRICOS code:** 082373C

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Climate Change offers significant breadth and strength within the field through access to world-leading expertise in climate change science and policy, encompassing science, economics, law, policy and governance aspects of climate change vulnerability, adaptation and mitigation. This means that you can develop a unique program of advanced learning suited to your individual interests and skills. Our program covers core topics of climate impacts, vulnerability and adaptation, climate change economics and policy, and methodological approaches. Elective courses can be selected from a wide range of topics to suit your educational goals.

**Admission requirements:** A Bachelor degree or international equivalent. Applicants with a Bachelor degree in a cognate discipline may be eligible for up to 24 units of credit. Credit may also be available for relevant work experience. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for up to 48 units of credit. Credit may also be available for relevant work experience. Students must complete the pre-session component before commencing the initial component. Students must complete the initial component before commencing the concluding component.

**Cognate disciplines:** Applied Economics, Climate, Development Studies, Economics, Economic Policy, Energy Change, Environmental Science, Environmental Studies, Forest Science and Management, Policy Studies, Resource and Environmental Management, Renewable Energy, Science Communication, Sustainability, Sustainability Science, Sustainable Development.

## Master of Energy Change

### Master of Energy Change (Advanced)

**Duration:** 2 years

**Program code:** MENCH; VENCH (Advanced)

**CRICOS code:** 082291E; 082292D (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Energy Change is an interdisciplinary coursework program that allows you to develop a program of advanced learning suited to your individual interests, skills and aspirations in the area of energy change. A major key to addressing climate change is the need for a world-wide change to carbon-free forms of energy production.

The Master of Energy Change (Advanced) is a multi-disciplinary coursework and research degree which will provide you with both a strong basis in the fundamental areas related to energy change, as well as allowing you to undertake advanced courses and research in areas suited to your individual interests.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for up to 24 units (1 semester full-time) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for up to 48 units (1 year full-time) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree, Honours, Graduate Certificate or Graduate Diploma in a cognate discipline may be eligible for 24 units (1 semester) of credit. Students must achieve a minimum 70% average mark in all the coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Energy Change program.

**Cognate disciplines:** Biology, Chemistry, Economics, Engineering, Environmental Studies, Law, Mathematics, Physics, Political Science, Sociology.

## Master of Environment

### Master of Environment (Advanced)

**Duration:** 2 years

**Program code:** MENV1; VENV1 (Advanced)

**CRICOS code:** 082293C; 082294B (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Environment degrees allow you to develop a program of advanced learning suited to your individual interests and skills in environment and sustainability. A broad-ranging suite of courses from across the University provides exposure to current perspectives on environmental issues and approaches. Areas of interest include environmental science and management, social and ecological linkages, environmental economics and governance, environmental policy, and integrative approaches to research and analysis.

You will also develop depth of knowledge in a selected disciplinary area. Available specialisation options include: biodiversity conservation, climate science and policy, environmental policy, environmental studies and human ecology, geography, natural resource management, sustainability science, and water science and management.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 60%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 60%. Applicants with a Bachelor Degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% average mark in the first 48 units of coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Environment program.

**Cognate disciplines:** Anthropology, Asia Pacific Studies, Biodiversity, Biology, Climate Change, Conservation Biology, Development Studies, Earth Science, Ecology, Environmental Policy, Environmental Science, Environmental Studies, Forestry, Geography, Human Ecology, Indigenous Australian Studies, Natural Resource Management, Policy Studies, Population Studies, Public Health, Resource Management and Environmental Science, Science Communication, Sociology, Soil Science, Sustainability Science, Sustainable Development, Urban Planning, Water Science.

## Master of Environmental Management and Development

**Duration:** 2 years

**Program code:** MEMDV

**CRICOS code:** 082296M

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2, Summer, Autumn, Winter, Spring

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Environmental Management and Development will support your career in natural resource management and environmental policy, and improve your professional ability to respond to the complex challenges of sustainable development. Offered by the internationally-renowned Crawford School of Public Policy, the program will equip you with the theoretical understanding and practical skills you need to contribute to the goals of economic viability, social acceptability and environmental sustainability in different social and political contexts. Focus areas include biodiversity conservation, climate change, social impacts, environmental governance, and management of primary resources such as water, fisheries, forests, and minerals. Several online courses are available.

**Admission requirements:** A Bachelor degree or international equivalent. Applicants with a Bachelor degree in a cognate discipline may be eligible for up to 24 units of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for up to 48 units of credit. Credit may also be available for relevant work experience. Students must complete the pre-session component to continue to the initial component. Students must achieve a minimum 65% weighted average mark in the initial component to continue to the concluding component.

**Cognate disciplines:** Anthropology, Biodiversity Conservation, Development Studies, Economics, Geography, Human Ecology, Policy Studies, Population Studies, Resource Management and Environmental Science, Sociology, Sustainability Science, Sustainable Development.

## Master of Environmental Science Master of Environmental Science (Advanced)

**Duration:** 2 years

**Program code:** MENVS; VENVS (Advanced)

**CRICOS code:** 082297K; 082298J (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** Our Master programs in environmental science are designed to build on your prior knowledge to extend and deepen your understanding in one or more of the biological, Earth, and environmental and ecological sciences. You will also develop your knowledge across the environmental sciences.

The Advanced program focuses on completing a substantial research project and dissertation, which constitutes appropriate research training for a PhD.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% average mark in the first 48 units of coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Environmental Science program.

**Cognate disciplines:** Biology, Earth Science, Ecology, Environmental Science, Geology, Marine Science.

## Master of Forestry Master of Forestry (Advanced)

**Duration:** 2 years

**Program code:** MFORE; VFORE (Advanced)

**CRICOS code:** 082299G; 082300J (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** Our forestry degree programs offer flexible, advanced learning to develop your knowledge and skills in forestry and the forest sciences and their relationship to other land management disciplines. The broad scope of the program reflects the diversity of perspectives needed for effective forest resource management, and the choice of courses within forestry sub-disciplines develops your knowledge in either the science and methods or policy and management aspects of forestry.

The Advanced program focuses on completing a substantial research project and dissertation, which constitutes appropriate research training for a PhD.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 60%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline

may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 60%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% average mark in the first 48 units of coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to the Master of Forestry program.

**Cognate disciplines:** Ecology, Environmental Policy, Environmental Science, Environmental Studies, Forestry, Natural Resource Economics, Natural Resource Management, Resource Management.

## Mathematical sciences

### Master of Mathematical Sciences (Advanced)

**Duration:** 2 years

**Program code:** VMASC

**CRICOS code:** 082337G

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** This degree enables students to upgrade their expertise in the mathematical sciences, either as a route to further study of mathematical sciences, or to upgrade their quantitative skills in areas that are rapidly becoming more reliant on advanced techniques from the mathematical sciences, such as the biological sciences and computational science. Students can take a variety of courses ranging from pure mathematics to mathematical modelling, computational mathematics and applications of mathematics, as well as courses in related disciplines such as statistics, computer science, financial mathematics and econometrics. The program can be tailored to the interests and needs of each student as much as possible. Past students have completed research projects in various branches of pure mathematics, as well as in applications including economics, epidemiology, financial mathematics and computational astrophysics.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree, Honours, Graduate Certificate or Graduate Diploma in a cognate discipline may be eligible for 24 units (1 semester) of credit. Students must achieve a minimum 70% average mark in all the coursework and have the approval of the supervisor for the research project. Students who do not achieve a minimum 70% average mark in the coursework component or do not have the approval of the supervisor for the research project will be transferred to Graduate Diploma of Science.

**Cognate disciplines:** Actuarial Studies, Bioinformatics, Computer Science, Mathematics, Mathematical Economics, Mathematical Finance, Statistics.

# Medicine & health sciences

## Doctor of Medicine and Surgery

**Duration:** 4 years

**Program code:** 8950XMCHD

**CRICOS code:** 077442D

**Indicative annual domestic fee:** Commonwealth Supported Places (HECS), plus bonded places

**Indicative annual international fee:** \$72,480

**Semester intake:** 1 only

**College:** ANU Colleges of Science

**Program overview:** The Doctor of Medicine and Surgery, *Medicinae ac Chirurgiae Doctoranda*, (MChD) is a comprehensive and varied four-year program for graduate students looking to enter the rewarding field of medicine as professional medical practitioners. It aims to produce graduates who are committed to compassionate, ethical health care and the expansion of medical knowledge. The MChD is underpinned by four themes: medical sciences; clinical skills; population health; and professionalism and leadership. The curriculum is built on important frameworks that explore the social foundations of medicine, develop understanding of the Indigenous health context in Australia, and provide insights and experience in health care in rural and/or remote Australian settings. Consistent with the research intensive nature of ANU, our program also develops the research skills of our students.

**Admission requirements:** Applicants must have completed, or be studying the final year of a Bachelor degree or a Bachelor Honours degree. Admission is based on weighted grade point average (GPA) calculated from the results of the last three years of the most recent Bachelor degree (25%); GAMSAT score (25%); and interview (50%). The minimum GPA for interview consideration is 5.6. All sections of the GAMSAT must be passed and an overall score of 55 or more achieved. A bonus for completed graduate study will be added to the combined score GPA and GAMSAT scores when ranking applicants for interview. Meeting the minimum criteria does not guarantee an interview. For detailed information about how to apply, visit the ANU Medical School website.

## Graduate Certificate of Applied Epidemiology

**Duration:** 1 semester

**Program code:** 6619XGCAPE

**CRICOS code:** No CRICOS

**Indicative annual domestic fee:** \$16,368

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Graduate Certificate of Applied Epidemiology will equip students with the knowledge and skills required to undertake applied epidemiology research in the field. This will include the knowledge and skills for the investigation of outbreaks, analysis of public health datasets and the evaluation of public health surveillance systems.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 60%.

## Master of Culture Health and Medicine

Refer to Anthropology

## Master of Public Health Master of Public Health (Advanced)

**Duration:** 2 years

**Program code:** MPUBH; VPUBH (Advanced)

**CRICOS code:** 082346F; 082347E (Advanced)

**Indicative annual domestic fee:** \$32,736

**Indicative annual international fee:** \$43,632

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** Our Master programs draw on many different areas of population health giving you a comprehensive understanding of the field. They provide real experience in public health through core courses designed to give you the skills you need, and electives that suit your additional interests. Workplace-related learning can be readily incorporated for those who work in relevant public health jobs.

The Advanced program provides you with the opportunity to extend your practical, coursework experience in public health with the development and implementation of a research project. It is particularly relevant to those who wish to benefit from the research strengths of ANU and its ready access to the local and national health administration and policy scenes.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** A Bachelor degree or international equivalent with an average mark of at least 70% and the approval of an identified supervisor for the research project/thesis. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit. Students must achieve a minimum 70% average mark in the first 48 units of coursework and have the approval of the supervisor for the research project.

**Cognate disciplines:** Biological Sciences, Health, Medical Sciences, Psychology, Social Sciences.

# Physics

## Master of Nuclear Science

**Duration:** 2 years

**Program code:** MNUCL

**CRICOS code:** 082343J

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Nuclear Science gives you the opportunity to study the fundamentals and applications of nuclear science, including materials analysis, dating techniques, nuclear medicine, and nuclear energy. The program provides students with sound knowledge of the underlying nuclear science; knowledge of the contemporary issues associated with nuclear science; practical knowledge of the measurement techniques employed in nuclear science; skills to assess the place of nuclear science in a broader context; and an appreciation of the issues associated with nuclear power as a source of energy. The program combines contact coursework with opportunities to acquire or extend practical skills. Our students go on to careers in policy development, defence, security or related fields, and to careers in the nuclear industry. Examples of roles of our graduates include: TLD Operations

Officer, Australian Radiation Protection and Nuclear Safety Agency (ARPANSA) and Process Engineer, Australian Nuclear Science and Technology Organisation (ANSTO).

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Cognate disciplines:** Engineering, Science.

## Psychology

### Master of Clinical Psychology

**Duration:** 2 years

**Program code:** 7601XMCPSY

**CRICOS code:** 003116G

**Indicative annual domestic fee:** \$28,704

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 only

**College:** ANU Colleges of Science

**Program overview:** Our well-regarded Master program will provide you with postgraduate clinical training to practise in a range of clinical settings such as hospitals, community health centres and private practice, all while giving you a strong foundation for life-long professional learning. The ANU Master of Clinical Psychology degree is a program of clinical coursework, clinical field placements (1,000 hours) and a research project (12,000 words). Our contemporary training is founded on the scientist-practitioner model where clinical skills and interventions are considered on the basis of available scientific evidence and knowledge.

**Admission requirements:** A Bachelor degree in Psychology with Honours or international equivalent with an average mark of at least 70% (H2A). Entry to this program is highly competitive. Entry by a fourth-year postgraduate Diploma in Psychology will also be considered. However, diplomas must (a) be of Honours standard; (b) contain a substantial research methodology component; and (c) be accredited for Associate Membership of the Australian Psychological Society. Applicants can check the acceptability of their degree by contacting the Australian Psychological Society ([www.psychology.org.au](http://www.psychology.org.au)). Applicants with qualifications obtained outside Australia must have a formal assessment completed by the Australian Psychological Society before submitting an application for study. Additional factors considered in assessing applications are previous relevant experience, availability of supervision for the research component, and written application. The Clinical Committee will invite prospective students to a personal interview prior to making a final decision on admission.

**Cognate disciplines:** Psychology.

## Science

### Graduate Diploma of Science

**Duration:** 1 year

**Program code:** 6600XGDSCI

**CRICOS code:** 003114K

**Indicative annual domestic fee:** \$29,232

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU Colleges of Science

**Program overview:** This is a flexible program intended for those who wish to broaden their knowledge, or to develop knowledge in areas that were not included in earlier studies, in the nominated

area of specialisation. The Graduate Diploma also provides a route for candidates without an Honours Bachelor degree to progress to a higher degree.

**Admission requirements:** A Bachelor degree or international equivalent in a cognate discipline with an average mark of at least 60%.

## Science communication

### Master of Science Communication

**Duration:** 2 years

**Program code:** MSCOM

**CRICOS code:** 082350K

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 and 2

**College:** ANU Colleges of Science

**Program overview:** The Master of Science Communication is a coursework program with a significant research project. Taught by some of Australia's leading science communicators, the program combines theoretical and practical aspects of science communication, including courses on science in the media; science communication on the web; ethics, issues and consequences of science; science and public policy; and cross-cultural science communication. Research projects have looked at range of key issues in the relationship between science and the rest of society, such as attitudes to controversial science, use of rhetoric in science communication, and cutting edge use of new technology to communicate science. The program is ideal for people interested in becoming professional science communication officers and managers, or in gaining skills in communicating their own science.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70% and at least 8 courses in cognate disciplines. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Cognate disciplines:** Biological Sciences, Chemical Sciences, Earth Sciences, Engineering and Related Technologies, Environmental Studies, Health, Information Technology, Mathematical Sciences, Other Natural and Physical Sciences, Physics and Astronomy.

### Master of Science Communication Outreach

**Duration:** 1 year

**Program code:** 7624XMSCO

**CRICOS code:** 083816F

**Indicative annual domestic fee:** \$29,232

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 only

**College:** ANU Colleges of Science

**Program overview:** The ANU Master of Science Communication Outreach is an internationally well-regarded qualification unlike any other. Our education experiences are hosted at Questacon and ANU, with scientists and science communicators giving lectures and presentations based on cutting-edge research in science communication. You will develop skills in public speaking; presentation and media; public relations; exhibition design and communication research; team work strategies; as well as developing expertise in presenting science and technology to students.

**Admission requirements:** A Bachelor Honours degree or international equivalent, Graduate Certificate, or Graduate Diploma in cognate disciplines.

**Cognate disciplines:** Biological Sciences, Chemical Sciences, Earth Sciences, Engineering and Related Technologies, Engineering and Technology degrees including Mathematical Sciences, Environmental Studies, Health and Education, Information Technology, Other Natural and Physical Sciences, Physics and Astronomy, Science.

## Social sciences & humanities

### Flexible Double Masters

**Duration:** 3 years

**Program code:**

**CRICOS code:** 088510F

**Indicative annual domestic fee:** \$30,744

**Indicative annual international fee:** \$40,992

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** The Flexible Double Masters degree gives enormous flexibility by allowing students to combine any two degrees available in the program for which the entry requirements are met. By cross counting of electives, students can complete two degrees in one year less than completing the degrees separately. For students who are eligible for credit for previous degrees or work experience, the double degree may require as little as two years. Students are required to complete the requirements of both degrees. To complete the Flexible Double Masters in three years, students must choose 24 units of compulsory and/or core courses from degree B to satisfy the requirement for 24 units of free electives in program A.

Degrees available: Master of Anthropology, Master of Applied Anthropology and Participatory Development, Master of Archaeological Science, Master of Art History and Curatorial Studies, Master of Biological Anthropology, Master of Classical Studies, Master of Culture, Health, and Medicine, Master of Digital Arts, Master of Digital Humanities and Public Culture, Master of General and Applied Linguistics, Master of Globalisation, Master of History, Master of Islam in the Modern World, Master of Middle Eastern and Central Asian Studies, Master of Museum and Heritage Studies, Master of Music, Master of Social Research, Master of Visual Arts.

**Admission requirements:** These are derived from the degrees that are taught into the Flexible Double Degree framework. Please refer to the degree admission requirement information for the two programs to be combined.

## Anthropology

### Master of Anthropology Master of Anthropology (Advanced)

**Duration:** 2 years

**Program code:** MANTH; VANTH (Advanced)

**CRICOS code:** 082265G; 082266F (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Pursue your passion for cross-cultural understanding around the world with a Master of Anthropology. And there's no better place for it than ANU. We are one of the world's leading centres for anthropological teaching and research, with more than 35 anthropologists working in the University. Your Master degree will draw on their world-renowned expertise in the anthropology of Australia, the Pacific and Asia, covering diverse topics in the areas of cultural, social medical, development and many other fields of anthropology.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Anthropology, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Development Studies, History, Human Ecology, Human Geography, Indigenous Studies, International Relations, Linguistics, Literary Studies, Philosophy, Political Science, Sociology.

### Master of Applied Anthropology and Participatory Development

#### Master of Applied Anthropology and Participatory Development (Fully Online)

#### Master of Applied Anthropology and Participatory Development (Advanced)

#### Master of Applied Anthropology and Participatory Development (Advanced) (Fully Online)

**Duration:** 2 years

**Program code:** MAAPD; MAAOL (Fully Online); VAAPD (Advanced); VAAOL (Advanced Online)

**CRICOS code:** 082267E; No CRICOS (Fully Online); 082268D (Advanced); No CRICOS (Advanced Fully Online)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** If you're a development practitioner, or aspiring to be one, the Master of Applied Anthropology and Participatory Development (MAAPD) will give you the practical skills you need to make a difference, and also the theory to assess your impact. The MAAPD is a highly-regarded qualification taught by leading academics with development work experience in the field. The MAAPD offers five specialisations to choose from according to your passions: Conflict and development; Gender and development; Humanitarian action; Indigenous policy; Society and environment.

MAAPD online: Please note that although MAAPD can in most cases be completed online, there may be limitations in elective online offerings. A few core units within some specialisations as

well as some introductory courses are not available online. In this case 'fully online' means that it is possible to do the degree online, not that every single unit is offered in online mode.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Applied Anthropology and Participatory Development, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Asia-Pacific Studies, Development Studies, Economics, Environmental Studies, Gender Studies, Geography, History, Human Rights, Indigenous Australian Studies, Pacific Studies, Political Science, Social Research, Social Work, Sociology, Sustainable Development.

## Master of Culture, Health and Medicine

### Master of Culture, Health and Medicine (Advanced)

**Duration:** 2 years

**Program code:** MCHAM; VCHAM (Advanced)

**CRICOS code:** 082283E; 082284D (Advanced)

**Indicative annual domestic fee:** \$32,736

**Indicative annual international fee:** \$43,632

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences and ANU College of Medicine, Biology and Environment

**Program overview:** Whether you're a clinician or social scientist, teacher or aspiring global health worker, this program will help you understand the foundations of health, illness, and medical practice in a culturally diverse world, and give you the skills to bring about change. The Master of Culture, Health and Medicine is the only program of its kind in Australia. Drawing on anthropological and other social science perspectives and technical expertise in health-related research and practice, it will provide you with a nuanced understanding of the nature of health, sickness, and healing in a local and global context. You will emerge with the skills to undertake social and cultural analysis of health policy and practices. Five specialisations are available for you to choose from, according to your interests: Global health and development; Health and environment; Health and gender; Health and Indigenous Australia; or Health policy and ethics.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Culture, Health and Medicine, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly

72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Area Studies, Biological Sciences, Education, Environmental Studies, Geography, History, International Relations, Law, Language and Literature, Medicine, Nursing, Occupational Therapy, Pharmacy, Philosophy, Physiotherapy, Politics, Psychology, Public Health, Social Work, Sociology.

## Archaeology

### Master of Archaeological Science

### Master of Archaeological Science (Advanced)

**Duration:** 2 years

**Program code:** MARSC; VARSC (Advanced)

**CRICOS code:** 082270K; 082271J (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Boost your credentials and your career with a Master of Archaeological Science at ANU. This unique degree offers you access to over 35 top-ranked international archaeologists. Join them in the field or in our world-class laboratories to hone your technical expertise and experience. Students can tailor the program to their own training objectives, through hands-on experience with a wide-range of supervising specialists, materials and laboratory resources. Two specialisations are available to match your interests: Forensic archaeology and palaeopathology; or Quaternary studies and palaeoenvironments.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Archaeological Science, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Archaeology, Botany, Earth Science, Environmental Science, Geography, Heritage Studies, Marine Science, Material Sciences, Museum Studies.

# Art history & curatorial studies

## Master of Art History and Curatorial Studies

### Master of Art History and Curatorial Studies (Advanced)

**Duration:** 2 years

**Program code:** MAHCS; VAHCS (Advanced)

**CRICOS code:** 082272G; 082273G (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Where better to study art history and curatorship than surrounded by Australia's national cultural and collecting institutions? What's more, where better to study Art History than in Australia's premier practice-led research institution, the ANU School of Art. Here, you will study the history of art and interact with those making the art. At ANU you have the opportunity to benefit from our strong connections with the National Gallery of Australia, the National Museum of Australia, the National Portrait Gallery, the National Library and the Australian War Memorial, and participate in our renowned internship program.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Art History and Curatorial Studies, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Art History, Art Theory, Classics, Fine Arts, History, Museum Studies.

## Arts

### Graduate Certificate of Arts

**Duration:** 1 semester

**Program code:** CARTS

**CRICOS code:** 082255J

**Indicative annual domestic fee:** \$12,864

**Indicative annual international fee:** \$18,360

**Semester intake:** 1 only

**College:** ANU College of Arts and Social Sciences

**Program overview:** By studying the Graduate Certificate of Arts you will gain a graduate level understanding in the humanities, social sciences, languages, visual arts, or music. Studied over one semester full-time, or one year part-time, the Graduate Certificate

of Arts provides a foundation for further graduate study including some Master programs. You can choose from a broad range of disciplines in which to specialise: Anthropology (including Biological Anthropology), Archaeological Science, Art History and Curatorial Studies, Biographical Research and Writing, Classics, Cultural and Environmental Heritage, Development, Digital Arts, History, Indigenous Policy, Linguistics (General and Applied), Middle Eastern and Central Asian Studies, Museums and Collections (including Education and Heritage Interpretation), Music, Social Research and Visual Arts.

**Admission requirements:** A Bachelor degree or international equivalent. All applicants must meet the University's English Language Admission Requirements for Students.

### Master of Arts (Advanced)

**Duration:** 2 years

**Program code:** VARTS

**CRICOS code:** 085330A

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** The ANU Master of Arts (Advanced) is a flagship degree which gives you the opportunity to undertake discipline-specific coursework, training in research theory and methodology, and complete a research thesis of up to 20,000 words. You can choose to study the Master of Arts specialising in Classics; English; or Musicology, Ethnomusicology and Music Curatorship. You will graduate with one of the world's oldest and most highly regarded graduate coursework degrees.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 70 and with the approval of an identified supervisor for the thesis. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Cognate disciplines:** For the English specialisation: English Literature. For the Classics specialisation: Ancient Greek, Ancient History, Archaeology, Art History, History, Latin. For the Musicology, Ethnomusicology, and Music Curatorship specialisation: Music.

## Asia-Pacific studies

### Master of Asia-Pacific Studies

**Duration:** 2 years

**Program code:** MAPST

**CRICOS code:** 083817E

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Asia and the Pacific

**Program overview:** The Master of Asia-Pacific Studies will give you the regional expertise you need to graduate as a leader of the Asian Century. The program provides a broad variety of courses with an Asia-Pacific focus and allows students to follow individual areas of interest in the established fields of History, Cultural Studies, Politics, Security Studies, Asian Languages and Regional Studies. Through this program you will be taught by some of the world's most eminent scholars of the Asia-Pacific region.

**Admission requirements:** A Bachelor degree or international equivalent. Up to 24 units of credit is available for a Bachelor degree in a cognate discipline or Graduate Certificate in a cognate discipline. Up to 48 units of credit is available for an Honours degree in a cognate discipline or Graduate Diploma in a cognate discipline.

**Cognate disciplines:** Asian Studies, Anthropology, Archaeology, Cultural Studies, Development Studies, Environmental Studies, Gender Studies, History, International Business, International Relations, Language Studies, Law, Linguistics, Literary Studies, Media Studies, Pacific Studies, Politics and Public Policy, Security Studies, Sociology.

## Biological anthropology

### Master of Biological Anthropology Master of Biological Anthropology (Advanced)

**Duration:** 2 years

**Program code:** MBIAN; VBIAN (Advanced)

**CRICOS code:** 082275E; 082276D (Advanced)

**Indicative annual domestic fee:** \$29,280

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** What does it mean to be human? If you're interested in the answer, you'll love the Master of Biological Anthropology. This program – not offered at any other Australian university – equips you with the theory and skills required to study humans and non-human primates as varied and dynamically changing biological organisms. You will explore primate evolution, ecology, behaviour and conservation; human evolution and behaviour; animal domestication; palaeopathology, and bioarchaeology. You can also choose from a range of electives including ancient health and medicine, forensic anthropology and archaeology, anthropological genetics and environmental disasters.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Biological Anthropology, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anatomy, Archaeology, Ancient History, Botany, Human Biology, Indigenous Studies, Medicine, Psychology, Social Sciences, Zoology.

## Classical studies

### Master of Arts (Advanced)

Refer to Arts (page 46)

## Master of Classical Studies Master of Classical Studies (Advanced)

**Duration:** 2 years

**Program code:** MCLAS; VCLAS (Advanced)

**CRICOS code:** 082281G; 082282F (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** With a Master of Classical Studies, you can explore the ancient Greek and Roman worlds – while enjoying some very modern travel. Experience the opportunity of a lifetime studying antiquity in Turkey and archaeology in Italy and Greece. Or closer to home, you can draw on the University's expertise in language, literature and ancient history, and the wealth of resources in the ANU Classics Museum. As a graduate of the Master of Classical Studies, you will be uniquely equipped to apply your perspective on the ancient world to your understanding of our world today.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Classical Studies, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Ancient Greek, Ancient History, Archaeology, Art History, History, Latin.

## Digital humanities

### Master of Digital Humanities and Public Culture **NEW** Master of Digital Humanities and Public Culture (Advanced) **NEW**

**Duration:** 2 years

**Program code:** MDHPC; VCHAM (Advanced)

**CRICOS code:** 088508M; 082284D (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** The Master of Digital Humanities and Public Culture is an innovative new degree offered by ANU. This degree will help students develop a broad understanding of the historical, cultural, and social aspects of current research in the digital and public humanities. It thus addresses the growing demand for graduates well-versed in a combination of humanistic and digital skills and able to work in a variety of professional environments, from cultural and memory institutions, to the emerging job markets

of information management, social media, and online content delivery. Providing students with an introduction to humanities study and research, coupled with the opportunity to specialise in biographical research and writing, digital humanities, or public humanities and culture, the degree will equip students with cutting-edge skills in digital technologies, and research and writing, for both the scholarly and public sphere.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Digital Humanities and Public Culture, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Ancient History; Anthropology; Archaeology; Art History; Classics; Creative Arts; Fine Arts; Gender Studies; History; Linguistics; Literature; Museum Studies; Philosophy; Politics; Sociology; Visual Arts.

## English

### Master of Arts (Advanced)

Refer to Arts (page 46)

## Globalisation

### Master of Globalisation

#### Master of Globalisation (Advanced)

**Duration:** 2 years

**Program code:** MGLOB; VGLOB (Advanced)

**CRICOS code:** 082303F; 082304E (Advanced)

**Indicative annual domestic fee:** \$27,360

**Indicative annual international fee:** \$38,976

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** How do you give your career an edge in an increasingly globalised world? You become an expert in globalisation itself. The Master of Globalisation is the only degree in Australia focusing on the rapid pace of economic, cultural, political and social change in the world today and the challenges it brings. The program is designed to meet your professional needs, with problem-based learning and tailored focus areas including security, development, environmental sustainability and regional implications.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Globalisation, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Area Studies e.g. Middle Eastern and Central Asian Studies, Development Studies, Economics, Environmental Studies, Governance, History, International Relations, Law, Philosophy, Politics, Public Administration, Public Policy, Social Research, Sociology, Strategic Studies.

## Graduate Studies Select

### Graduate Certificate of Studies

**Duration:** 1 semester

**Program code:** CSTUD

**CRICOS code:** 082261M

**Indicative annual domestic fee:** \$16,368

**Indicative annual international fee:** \$21,816

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** This University-wide program is a flexible option if you wish to create a tailor-made degree based on your academic, personal and professional interests. Subject to meeting course eligibility and program requirements, you could choose to study postgraduate courses from across the University. You might choose courses from multiple disciplines, or focus your learning in a particular discipline for progression into research. For example, you could construct a program of study in anthropology, environment and international relations; combine courses in languages, management, and museums and collections; or extend your knowledge of different subjects in science and engineering. You might also choose to use the Graduate Certificate of Studies as a stepping stone into a Master program.

**Admission requirements:** A Bachelor degree or international equivalent.

### Master of Studies

#### Master of Studies (Advanced)

**Duration:** 2 years

**Program code:** MSTUD; VSTUD (Advanced)

**CRICOS code:** 082356D; 082357C (Advanced)

**Indicative annual domestic fee:** \$32,736

**Indicative annual international fee:** \$43,632

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** This University-wide program is a flexible option if you wish to create a tailor-made degree based on your academic, personal and professional interests. Subject to meeting course eligibility and program requirements, you could choose to study postgraduate courses from across the University. You might choose courses from multiple disciplines, or focus your learning in a particular discipline for progression into research. For example, you could construct a program of study in anthropology,

environment and international relations; combine courses in languages, management, and museums and collections; or extend your knowledge of different subjects in science and engineering.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Studies, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis.

**Cognate disciplines:** All undergraduate disciplines.

## History

### Master of History

#### Master of History (Advanced)

**Duration:** 2 years

**Program code:** MHIST; VHIST (Advanced)

**CRICOS code:** 082306C; 082307B (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** With internationally-renowned teaching staff, and surrounded by national cultural institutions, ANU is a historian's dream. Studying history at ANU, you can draw upon our prize-winning teaching and research in Australian, North American, early modern and modern European and British history, and the expertise of our leading centres for Indigenous history, environmental history, and biography. The resources of the National Library of Australia, the National Archives of Australia, the National Museum of Australia, and the National Gallery of Australia are also all at your fingertips. The Master of History provides the theoretical grounding and practical skills you need for the advanced study of history, plus the opportunity to tailor a program according to your interests. If you're a secondary school teacher, you are able to focus on areas in the national curriculum for history.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of History, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Ancient History, Archaeology, History, Journalism, Museum Studies, Philosophy, Politics, Sociology, Social Sciences.

## Linguistics & languages

### Master of General and Applied Linguistics

#### Master of General and Applied Linguistics (Advanced)

**Duration:** 2 years

**Program code:** MLING; VLING (Advanced)

**CRICOS code:** 082301G; 082302G (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Do you have a passion for languages? Our program focuses on the nature, use and structure of language, as well as how to apply this knowledge in contexts ranging from second language learning and education, social interaction, communication across cultures, intercultural communication, language policy, and language politics. This program is for you if you are interested in human linguistic capabilities in general, as well as the description and explanation of particular languages. You can undertake a specialisation in one of 19 languages. The program is designed for people who already have prior knowledge of linguistics or applied linguistics, and also for people coming from cognate areas such as speech pathology, audiology, interpreting or translation studies, language teaching, and editing.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of General and Applied Linguistics, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Applied Linguistics, Audiology, Languages, Language Teaching, Linguistics, Lexicography, Speech Pathology, Translating/Interpreting, TESOL from an Australian tertiary institution or its international equivalent.

## Translation

### Master of Translation

#### Master of Translation (Advanced)

**Duration:** 2 years

**Program code:** MTRAN; VTRAN (Advanced)

**CRICOS code:** 083815G; 083814G (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** This program will equip you with the highly-developed analytical and communication skills in English and a language of focus that you need to succeed in professional translation. It is designed to provide students with a focused

qualification in the practice of translation, along with an understanding of the history of translation and an appreciation of a number of critical issues in the field. The program focuses on training you to become a qualified literary translator, but also provides an understanding of the history of translation and an appreciation of critical issues in the field. ANU is home to a team of world-renowned academics with the greatest variety of specialised language expertise available in Australia and is the ideal location for your study of translation.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65% and must be able to demonstrate attainment of the Learning Outcomes in a major in their language of focus. This can be through demonstration of having completed a language major or Bachelor, at an Australian tertiary institution or its international equivalent, or of having language ability equivalent to the level attained by completion of a language major as determined by a language assessment conducted by an ANU staff member in the relevant language of focus. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Translation, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Applied Linguistics, Communication, English, Languages, Linguistics, Literature, Translating/Interpreting.

## Middle Eastern & Central Asian studies

### Master of Islam in the Modern World Master of Islam in the Modern World (Advanced)

**Duration:** 2 years

**Program code:** MIIMW; VIIMW (Advanced)

**CRICOS code:** 082313D; 082315B (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Meet the growing demand for expertise in Islamic politics and Muslim societies with a unique degree from the ANU Centre for Arab and Islamic Studies. The Master of Islam in the Modern World will take you on a journey through the various dynamics and debates surrounding and influencing contemporary Islam. The degree covers the relationship between Islam and dynamics such as politics, culture, political economy, and international relations. It exposes you to the great debates on Islam, such as its compatibility with democracy, its views towards modern economic and development ideas, and its role as an ideological and political force on the world stage. The degree also gives you expertise on Islam in various parts of the world, with courses focusing on, or using case studies from, the Middle East, Southeast Asia, Central Asia, Europe, and elsewhere. You will also have the opportunity to learn one of the languages most relevant to the study of the Muslim world: Arabic, or Persian.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Islam in the Modern World, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Politics, including Political Science, International Relations, Political Economy, Security Studies, Strategic Studies, Sociology, Modern History, Religious Studies/ Islamic Studies, other Social Sciences and Humanities disciplines and fields where there is significant coverage of a relevant aspect of Middle Eastern, Central Asian or Islamic Studies and where similar approaches and methodologies are used, and modern languages relating to the Middle East and/or Central Asia region such as Arabic, Persian, or French.

### Master of Middle Eastern and Central Asian Studies

### Master of Middle Eastern and Central Asian Studies (Advanced)

**Duration:** 2 years

**Program code:** MMECA; VMECA (Advanced)

**CRICOS code:** 082338F; 082339E (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** If you're fascinated by the Middle East and Central Asia, transform your passion into a qualification at Australia's premier institute for studies of the region. Leading experts from the ANU Centre for Arab and Islamic Studies will take you on a journey through the politics, international relations, modern history and political economy of the Middle East and Central Asia, drawing on our links with major counterparts in the Arab and Muslim world, as well as in North America and Europe.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Middle Eastern and Central Asian Studies, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Politics, including Political Science, International Relations, Political Economy, Security Studies, Strategic Studies, Sociology, Modern History, Religious Studies/ Islamic Studies, other Social Sciences and Humanities disciplines and fields where there is significant coverage of a relevant aspect of Middle Eastern, Central Asian or Islamic Studies and where similar approaches and methodologies are used, and modern languages relating to the Middle East and/or Central Asia region such as Arabic, Persian, or French.

## Museums & heritage studies

### Master of Museum and Heritage Studies

### Master of Museum and Heritage Studies (Advanced)

**Duration:** 2 years

**Program code:** MMUHS; VMUHS (Advanced)

**CRICOS code:** 085331M; 085332K (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** The Master of Museum and Heritage Studies draws on our strong connections with Canberra's leading cultural and collecting institutions to prepare you for an innovative career in this field. Our local and national links mean you'll regularly hear from senior professional staff in classes, and can learn on the ground through our internship program. Our academics are international leaders in research in the field, and the Master degree offers a range of specialisations in either museum or heritage studies. Within the museum specialisation you'll learn traditional curatorship and collections management, in addition to new areas such as social inclusion, citizenship and community engagement, social activism and museums, Indigenous curation, and innovative visitor studies. The cultural and environmental heritage specialisation offers you the opportunity to analytically address and assess national and international heritage policy and practices in the context of a critical framework that explores the political and social phenomenon and impacts of heritage and its management and conservation. At the same time the Masters aims to equip students with key practical skills in management and curation.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Museum and Heritage Studies, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Ancient History, Anthropology, Archaeology, Architectural conservation, Classics, Creative Arts, English, Environmental History, Environmental Management, Fine Arts, Folklore, Gender Studies, History, Memory Studies, Museum Studies, Philosophy, Politics, Sociology, Social Sciences, Tourism Studies, Urban Planning, Visual Arts.

## Social research

### Master of Social Research

### Master of Social Research (Advanced)

**Duration:** 2 years

**Program code:** MSRES; VSRES (Advanced)

**CRICOS code:** 082351J; 082352G (Advanced)

**Indicative annual domestic fee:** \$25,728

**Indicative annual international fee:** \$36,720

**Semester intake:** 1 or 2

**College:** ANU College of Arts and Social Sciences

**Program overview:** Meet the growing demand for expertise in high-level social research methods with a degree from one of the world's leading social science schools. A Master of Social Research from the ANU Centre for Social Research and Methods in the Research School of Social Sciences will equip you with the practical skills to conduct, commission, and evaluate research in the social sciences. The program's expert teaching staff are active researchers who can draw upon their wealth of local and international experience and their connections with government departments.

**Admission requirements:** A Bachelor degree or international equivalent with an average mark of at least 65%. Applicants with a Bachelor degree or Graduate Certificate in a cognate discipline may be eligible for 24 units (1 semester) of credit. Applicants with a Graduate Diploma or Honours in a cognate discipline may be eligible for 48 units (1 year) of credit.

**Advanced:** Admission by transfer from the Master of Social Research, with a weighted average mark of at least 70% in the first 72 units of coursework attempted as well as the approval of an identified supervisor for the research project/thesis. If the total number of units attempted exceeds 72 in the same teaching period in which the 72nd unit is attempted, exactly 72 units will be used in the calculation of the weighted average mark with units from the course with the highest mark applied first followed by further units from courses in descending order of marks. Students will be awarded up to 72 units of course credit for completed courses listed in this Master (Advanced) degree.

**Cognate disciplines:** Anthropology, Development Studies, Economics, Geography, Marketing, Media and Communication, Law (social fields: family, migration, education, health), Political Science, Psychology, Social Policy, Sociology.

# How to apply

## Research School of Chemistry Building

# YOUR APPLICATION

## Apply and take the first step towards a postgraduate qualification.

### Domestic students

You are a domestic applicant if you:

- > are an Australian or New Zealand citizen
- > hold an Australian Permanent Residency Visa
- > hold an Australian Humanitarian Visa.

If none of these criteria apply, then you are an international student.

You can apply for a postgraduate coursework program if you hold a Bachelor degree or are about to graduate. Some programs will require you to demonstrate a certain academic average, such as a credit or distinction average.

All applicants must meet the English Language Requirements.

#### How to apply

To apply for most postgraduate coursework degree programs, you will need to submit your application through the Universities Admissions Centre (UAC) and pay a fee.

W [uac.edu.au](http://uac.edu.au)

You must apply directly to ANU for the following programs:

- > Graduate Certificate of Australian Migration Law and Practice
- > Graduate Certificate of Public Policy
- > Graduate Diploma of Legal Practice
- > Master of Climate Change
- > Master of Environmental Management and Development
- > Master of Environmental and Resource Economics
- > Master of International and Development Economics
- > Master of Legal Practice
- > Master of Public Administration
- > Master of Public Policy
- > Master of Public Policy in Development Policy
- > Master of Public Policy in Economic Policy
- > Master of Public Policy in International Policy
- > Master of Public Policy in Policy Analysis
- > Master of Science Communication Outreach.

W [anu.edu.au/pg/apply](http://anu.edu.au/pg/apply)

#### How to accept your offer

You can accept your offer to study at ANU online at W [anu.edu.au/study/accept](http://anu.edu.au/study/accept)

#### Important dates

As a guide, Semester One applications close in early January and Semester Two applications close at the end of May. Always check application deadlines on the UAC website.

W [uac.edu.au/postgraduate](http://uac.edu.au/postgraduate)

### International students

#### How to apply

International students can apply directly to ANU, or through an official ANU agent.

#### Apply to ANU

You can apply online at W [anu.edu.au/study/apply](http://anu.edu.au/study/apply)

Check that you meet the admission and English language requirements for your chosen course. You will need to pay a A\$75.00 application fee.

ANU will assess your application and we may contact you if we need more information.

If your application is successful, you will receive a Full Offer or a Conditional Offer, depending on any further requirements.

#### Apply through an official ANU agent

ANU has official agents in over 50 countries around the world. ANU agents will help you with all aspects of your application – from answering your questions and helping you select the right program for your needs, to submitting and processing your application.

To find an official ANU agent W [anu.edu.au/study/contacts](http://anu.edu.au/study/contacts)

Important dates	Semester 1 (February)	Semester 2 (July)
Application closing dates	12 December	31 May
Acceptance deadline (offshore students)*	15 January	30 June
Acceptance deadline (onshore students)**	31 January	9 July

\*The term 'offshore student' ordinarily applies to you if you have not completed your entry qualification in Australia under an Australian student visa, and will be applying for a student visa from overseas.

\*\* The term 'onshore student' ordinarily applies to you if you have completed your entry qualification in Australia under an Australian student visa and you are applying for ANU and your new student visa without a break in your study (ie you may be going home for a short holiday after your previous studies, but you will be coming back to start at ANU in the next intake).

# ENGLISH LANGUAGE REQUIREMENTS

## You must provide evidence of English language proficiency required for admission to ANU.

You may meet this requirement if your tertiary studies were entirely taught and assessed in English during the past two years.

If you are an international student and you completed your English studies more than two years ago, you will need to provide an English proficiency test certificate, such as the International English Language Testing System (IELTS) or the Test of English as a Foreign Language (TOEFL).

### English language preparation

The ANU Access English program is a 10-week course offered by ANU College. The course runs four times a year and is designed so that you can finish the course in time to start your studies at ANU. You must already have an IELTS (or recognised equivalent) score of 6.0, with a minimum score of 5.5 in all bands, to gain entry to the course. (See table below.)

For all information on English language requirements visit [W anu.edu.au/pg/english](http://W.anu.edu.au/pg/english)

International students enrolled in a postgraduate coursework degree program at ANU can choose to undertake a semester-long course in Academic English Language (AEL) with ANU Wide, provided their course advisor agrees.

The AEL course is accredited towards your ANU degree program and you will need to contact ANU Wide to request a permission code to enrol.

For more information on the AEL courses please consult with course advisor after enrolment.

International Postgraduate Excellence Scholarship – India	Up to 50% of tuition fees for one year of study	Academic merit	Student with Indian citizenship		✓
International Postgraduate Excellence Scholarship – South-East Asia	Up to 50% of tuition fees for one year of study	Academic merit	Applicant must be a citizen of Brunei, Cambodia, East Timor, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand or Vietnam		✓
International Postgraduate Merit Award – China	A\$5,000	Academic merit	Student with Chinese citizenship		✓
International Postgraduate Merit Scholarship – India	Up to 25% of tuition fees for one year of study	Academic merit	Student with Indian citizenship		✓
International Postgraduate Merit Scholarship – South-East Asia	Up to 25% of tuition fees for one year of study	Academic merit	Applicant must be a citizen of Brunei, Cambodia, East Timor, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand or Vietnam		✓
<b>ANU College of Law</b>					
GDLP Indigenous Scholarship Scheme	Full tuition	Academic merit and application	Student must identify as an Aboriginal or Torres Strait Islander	✓	
Yuill Scholarship	Up to A\$25,000	Academic merit	Student must be fluent in English and French, and be in final year of LLB or JD (or recent graduate up to five years out) or current LLM student (or recent LLM graduate).	✓	✓
<b>ANU College of Medicine, Biology &amp; Environment</b>					
Lesslie Scholarship in Landscape Conservation & Ecology	A\$15,000 per annum	Academic merit and application	Student undertaking a research project in the natural science fields of: <ul style="list-style-type: none"> <li>&gt; Natural resources management</li> <li>&gt; Land evaluation</li> <li>&gt; Land use science</li> <li>&gt; Ecological conservation</li> </ul> Enrolment in an Honours year, postgraduate coursework or postgraduate research program offered by the Fenner School of Environment & Society	✓	
Master of Neuroscience (Research) Scholarship	A \$6,000 per annum	Academic merit and academic reference (if required)	Student must be currently enrolled at ANU in a program of study leading to the award of a degree of Master of Neuroscience (Research)	✓	✓
<b>ANU College of Physical &amp; Mathematical Sciences</b>					
Research School of Astronomy & Astrophysics Masters (Advanced)	Up to A\$20,000 over two years	Academic merit	Enrolment in the Master of Astronomy and Astrophysics (Advanced)	✓	✓
<b>University-wide Scholarships</b>					
ANU Graduate Access Scholarship	A\$4,000 per annum	Academic merit, equity and application	Enrolment in a postgraduate program of study at ANU. Supporting evidence of a permanent disability. Demonstrated financial hardship.	✓	✓
Elspeth Young Memorial Grant	Determined annually	Academic merit, equity and application	Student must identify as an Aboriginal or Torres Strait Islander	✓	
Indigenous Australian Graduate Scholarship	A\$26,288 per annum	Academic merit and equity	Student must identify as an Aboriginal or Torres Strait Islander	✓	
Ken Wanganeen Scholarship	Determined annually	Academic merit and leadership skills	Student must identify as an Aboriginal or Torres Strait Islander. Enrolment in a postgraduate coursework program at ANU or enrolment in the Australian National Internships Program.	✓	

# FEES AND OTHER COSTS

## Tuition fees and other costs vary for domestic and international postgraduate students.

### Domestic students

Most domestic postgraduate coursework and non-award students at ANU must pay domestic tuition fees. The amount you have to pay is based on the courses that you enrol in. Each course has a set fee, so you will be invoiced for the total fees for all the courses you enrol in for a semester or session.

You can defer part or all of your tuition fees using FEE-HELP if you meet these citizenship and residency requirements:

- > You are an Australian citizen or permanent humanitarian visa holder (living in Australia for the duration of your enrolment).
- > You are a permanent visa holder undertaking bridging study for overseas-trained professionals, and will be living in Australia for the duration of your enrolment.

If you use FEE-HELP, the Australian Government will pay your tuition fees while you study, but you will be required to pay back those fees through the taxation system or voluntary payments.

For more information on FEE-HELP go to the Australian Government website

W [studyassist.gov.au/sites/studyassist/help-payingmyfees/fee-help/pages/fee-help-](http://studyassist.gov.au/sites/studyassist/help-payingmyfees/fee-help/pages/fee-help-)

A small number postgraduate programs offer Commonwealth Supported Places (CSP) where the Australian Government subsidises your tuition fees. Your offer of admission will tell you if you have a CSP.

For the full list of tuition fees

W [programsandcourses.anu.edu.au](http://programsandcourses.anu.edu.au)

### Services and amenities fee

Domestic and international students at ANU must pay a services and amenities fee. This helps to support services like student counselling, recreational facilities, sporting and cultural events held on campus throughout the year.

For more information

W [anu.edu.au/pg/ssaf](http://anu.edu.au/pg/ssaf)

### International students

If you are an international student, you will have to pay international student fees. The amount you have to pay is based on the courses that you enrol in. Each course has a set fee, so you will be invoiced for the total fees for all the courses you enrol in for a semester or session.

### Refund policy for international students

If you are an international student and have enrolled at ANU for the first time and you are in your first semester or session, your tuition fees may be refunded in full if you discontinue your studies.

For more information on this policy

W [anu.edu.au/pg/fees](http://anu.edu.au/pg/fees)

### Health insurance

All international citizens living in Australia must have health insurance.

Overseas Student Health Cover (OSHC) is private health insurance that will cover the costs of your medical and hospital care if you need it. We recommend OSHC Worldcare but you can choose another provider that offers this cover.

### Cost of living

In addition to tuition fees, there are other costs you may want to consider before starting your postgraduate degree at ANU, particularly if you're moving to Canberra from interstate or overseas.

The ACT Government website Canberra: Create your Future explores a range of topics about living, studying and working in Canberra, including living costs.

W [canberracreateyourfuture.com.au](http://canberracreateyourfuture.com.au)

For international students, the Australian Government's Study in Australia website is also full of useful information about studying in Australia.

W [studyinaustralia.gov.au](http://studyinaustralia.gov.au)

# Life at ANU

# STUDENT SERVICES

**You can access a range of services to support you throughout your studies at ANU, so you can make the most of your time here.**

## ANU Careers Centre

ANU Careers Centre is dedicated to providing a range of services to assist you reach your full potential. From the general exploration of career ideas to details of specific jobs, employers, and advice on recruitment strategies, the ANU Careers Office offers a range of services to current and graduated students, including:

- > resume and application advice
- > interview preparation
- > building employability and work experience
- > job search strategies
- > graduate recruitment processes
- > host employer and career events

W [anu.edu.au/pg/careers](http://anu.edu.au/pg/careers)

## Academic Skills and Learning Centre

Academic Skills and Learning Centre (ASLC) offers ANU students of all levels free and confidential help with their academic work through individual tutorials, workshops, courses and handouts.

The centre inspires students to take control of their learning and teach students a board range of strategies to become active and confident learners who think critically, research effectively, communicate incisively and apply their learning with integrity.

- > individual, confidential and free tutorials to enrolled ANU students
- > design and teach academic skills and learning programs
- > offer online learning resources
- > design and present print and electronic materials
- > maintain academic skills and learning resources.

W [academicskills.anu.edu.au](http://academicskills.anu.edu.au)

## The Postgraduate and Research Students' Association

The Postgraduate and Research Students' Association (PARSA) represents your interests and looks out for your welfare as a postgraduate student at ANU

Run by student representatives and professional staff, PARSA provides a range of free services and activities aimed at meeting the specific needs of postgraduate students in your studies and everyday life. Services include:

- > academic advice
- > Centrelink assistance
- > financial assistance
- > accommodation assistance
- > legal assistance
- > funding assistance.

For more information visit  
W [parsa.anu.edu.au](http://parsa.anu.edu.au)

## The ANU Sport and Recreation Association

The ANU Sport and Recreation Association, commonly known as ANU Sport, promotes and provides a varied and exciting range of opportunities to participate in affordable sporting and physical recreational activities.

ANU Sport run lunchtime sporting competitions including indoor soccer, touch football, ultimate disc, volleyball and basketball.

For more information visit  
W [anu-sport.com.au](http://anu-sport.com.au)

## Services on-campus

-  Bookshop
-  Bank
-  Post office
-  Travel agency
-  Chemist/pharmacy
-  Supermarket
-  Bakery
-  Restaurants
-  Cafes
-  Doctors
-  Counselling centre
-  Disability Services Centre
-  University Security
-  Childcare facilities
-  Muslim Students' Centre
-  Chaplains
-  Gym and sport facilities

W [anu.edu.au/study/student-experience](http://anu.edu.au/study/student-experience)

# ACCOMMODATION

## Live on campus or take a short commute from one of Canberra's well-connected neighbourhoods.

### On-campus

ANU gives you more opportunities to live on campus than any other Australian university, so you can make the most of your time here. Apply to join nearly 5,000 students from across Australia and around the world who call ANU home.

Postgraduate students can apply for on-campus accommodation in these residences:

#### Self-catered

- > Burgmann College Postgraduate Village
- > Davey Lodge
- > Fenner Hall
- > Graduate House
- > Kinloch Lodge
- > Lena Karmel Lodge
- > Toad Hall
- > Warrumbul Lodge

#### Semi-catered\*

- > Bruce Hall Packard Wing
- > Ursula Hall Laurus Wing

\*Semi-catered includes one meal each week.

We cannot guarantee that on-campus accommodation will be available. Also, student residences are not suitable for children, so you may need to explore renting off-campus (non-ANU).

We recommend arriving in Canberra early to find non-ANU accommodation.

### Share a house or apartment

Shared accommodation can be hard to find if you're not in Canberra.

Shared households in Australia take different forms; some share meals and rotate household chores, while others have multiple people living in the same house but keeping separate lives.

A good place to start looking for shared accommodation is ANU Housing Online.

W [housingonline.anu.edu.au](http://housingonline.anu.edu.au)

### Rent privately

You can rent an apartment or house privately through a real estate agent or direct from the property owner.

The best place to start your search is online. We recommend these sites.

W [allhomes.com.au](http://allhomes.com.au)

W [domain.com.au](http://domain.com.au)

W [realestate.com.au](http://realestate.com.au)

W [gumtree.com.au](http://gumtree.com.au)

Because Canberra is a university town, the highest turnover of rental properties is during the December/January summer break.

### Applying for a lease

In Canberra, real estate agents and property owners often insist that prospective tenants see the property before applying for a lease, to be seriously considered.

To apply, you will need to fill out an application form which will ask you about your personal circumstances, including your financial situation. You will also be asked for referees, people who can verify that you are trustworthy, like a previous landlord or employer.

If you are applying from overseas, it's a good idea to attach written references to your application. Given the time differences between Australia and the rest of the world, this will make the process easier for you and the person assessing your application.

The agent will let you know within a day or two if your application has been successful.

### Setting up your home

Your lease will usually be for a period of six to 12 months. Factor in these costs when setting up your new home.

- > Bond is usually four weeks' rent and is held by the ACT Office of Regulatory Services. Provided you don't cause damage to the property and maintain it, the bond will be returned to you in full at the end of the lease.
- > As well as bond, you will probably need to pay between two and four weeks' rent in advance.
- > You will have to pay connection fees for the telephone, electricity, gas and any other utilities you choose to connect at the property.
- > It's a good idea to take out household contents insurance.
- > Moving expenses.

If you happen to have a dispute with the landlord or real estate agent, Accommodation Services and the Tenants Union ACT can give you advice and advocate on your behalf.

W [anu.edu.au/study/accommodation](http://anu.edu.au/study/accommodation)

W [tenantsact.org.au](http://tenantsact.org.au)

# CANBERRA

**You will come to understand why Canberra is consistently rated one of the world's best cities for quality of life.**

## Most livable city

The world's best city to live in, according to the Organisation for Economic Cooperation and Development (OECD).<sup>1</sup>

## Global community

A city of just over 380 000 people with more than 25% of our residents born overseas, countless embassies and national institutes, Canberra has a strong sense of community; our global community.

## Best student city

QS Best Student Cities 2016 has ranked Canberra in the top 20 cities in the world to live and study.

## Safest

Canberra is considered one of the safest cities in Australia with one of the lowest crime rates.<sup>2</sup>

1. OECD Better Life Index 2015, [www.oecdregionalwellbeing.org/region.html#AU8](http://www.oecdregionalwellbeing.org/region.html#AU8) 2. [Police.act.gov.au](http://Police.act.gov.au)

## Best in the country

You will find some of Australia's best museums and galleries in Canberra including the National Gallery of Australia, National Portrait Gallery, the National Museum of Australia and the Australian War Memorial.

Home to the Australian Institute of Sport, Canberra has excellent facilities for those who love to live an active lifestyle.

The region is etched with bike paths and walking trails and there are plenty of places to swim, kayak and windsurf. Mount Stromlo Park is great for mountain bike riding, horse riding and running activities.

## Getting around

A planned and relatively young city, Canberra is easy and economical to get around.

Our suburbs are arranged around several shopping and commercial hubs. There's a safe and reliable public bus service and a comprehensive network of bicycle paths. Many buses are equipped with bike racks, so cyclists can hop on the bus for longer journeys.

The road system is excellent and traffic jams are rare. For interstate and overseas travel, Canberra International Airport is only about a 15-minute drive from the CBD.

## Exploring the region

Canberra is in the Australian Capital Territory. Beyond Canberra, the Namadgi National Park includes many walking trails and lookouts and includes the Tidbinbilla Nature Reserve where you can see Australian native animals like brolgas, emus and rock wallabies in their native habitats.

South of Canberra is the stunning Kosciuszko National Park, home to Australia's highest peak. Camp and bushwalk in the high country during the warmer months and ski in the winter.

The unspoiled New South Wales South Coast is a two-hour scenic drive east. With white beaches and turquoise waters, country villages and wineries to explore.

# Canberra map

VISIT US

# The best way to get a feel for ANU is to come and experience it first hand.

## Open Day

Circle Saturday 27 August 2016 in your calendar for ANU Open Day.

Academics, professional staff and students from across ANU will be on hand to speak with you in-person about your postgraduate study options.

Open Day is also the best way to experience life at ANU. Our accommodation, study and research, recreational and sporting facilities will all be on show for you to explore.

If you're from out of town, take the weekend to look around our beautiful city too.

## Campus tours

Take a tour guided by a Student Ambassador who will share with you their experience at ANU while showing you around our beautiful campus.

Tours operate Monday to Friday 10am-5pm (excluding public holidays).
