

## Advanced Standing Table between Manipal University with The Australian National University College of Engineering and Computer Science

### Engineering

MANIPAL, ICAS Bachelor Degree (first 2 years completed):	CGPA:	Australian National University Degree:	ANU Degree - Normal Duration in Years	Advance Standing/ Credit Given (in years)	Pre-Requisites*
B.S. (Electronics & Communication)	3.2/4.0	Bachelor of Engineering (Honours) - Electronics & Communication Systems - Mechatronics Systems	4 Years	2 Years	Students to study the following courses as part of their degree program at Manipal: - Signal Analyses & Telemetry (BM 241) instead of Economic Analysis (HS 243).
		Bachelor of Engineering (Honours) - Renewable Energy Systems			Students to study the following courses as part of their degree program at Manipal: - Thermodynamics & Fluid Mechanics (ME 241) instead of Economic Analysis (HS 243)
B.S. (Biomedical)		Bachelor of Engineering (Honours) - Electronics and Communication Systems - Biomedical Systems			Achieving the required CGPA of 3.2/4.0
B.S. (Mechanical)		Bachelor of Engineering (Honours) - Mechanical & Material Systems			
B.S. (Mechatronics)		Bachelor of Engineering (Honours) - Mechatronics Systems			

## Advanced Standing Table between Manipal University with The Australian National University College of Engineering and Computer Science

### Computer Science

MANIPAL, ICAS Bachelor Degree (first 2 years completed):	CGPA:	Australian National University Degree:	ANU Degree - Normal Duration in Years	Advance Standing/ Credit Given (in years)	Pre-Requisites*
B.S. (Computer Science & Engineering)  B.S. (Computer Engineering)	<b>3.2/4.0</b>	Bachelor of Advanced Computing (Honours)	4 Years	2 Years	Achieving the required CGPA of 3.2/4.0
B.S. (Computer Science & Engineering)  B.S. (Computer Engineering)	<b>3.2/4.0</b>	Bachelor of Software Engineering (Honours)	4 Years	2 Years	Achieving the required CGPA of 3.2/4.0
